**PROJECT NO: C1086-00 DATE: February 15, 2024** 

# I. OBJECTIVE

The objective of this project is remove and replace approximately 13,000 square feet of roofing system, eliminate all existing sky lights on the North 3 Building No.9 at the Garden State Youth Correction Facility (GSYCF) in Chesterfield, NJ.

# II. CONSULTANT QUALIFICATIONS

# A. CONSULTANT & SUB-CONSULTANT PRE-QUALIFICATIONS

The Consultant shall be a firm pre-qualified with the Division of Property Management & Construction (DPMC) in the following discipline(s):

## • P035 Roof Consultant

The Consultant shall also have in-house capabilities or Sub-Consultants pre-qualified with DPMC in:

- P028 Roof Inspection
- P037 Asbestos Design
- P038 Asbestos Safety Control Monitoring
- P065 Lead Paint Evaluation

As well as, <u>any and all</u> other Architectural, Engineering and Specialty Disciplines necessary to complete the project as described in this Scope of Work (SOW).

# III. PROJECT BUDGET

# A. CONSTRUCTION COST ESTIMATE (CCE)

The initial Construction Cost Estimate (CCE) for this project is \$ 350,000.

The Consultant shall review this Scope of Work and provide a narrative evaluation and analysis of the accuracy of the proposed project CCE in its technical proposal based on its professional experience and opinion.

# B. CURRENT WORKING ESTIMATE (CWE)

The Current Working Estimate (CWE) for this project is \$500,750.

PROJECT LOCATION: Garden State Youth Correctional Facility

PROJECT NO: C1086-00 DATE: February 15, 2024

The CWE includes the construction cost estimate and all consulting, permitting and administrative fees.

The CWE is the client agency's financial budget based on this project Scope of Work and shall not be exceeded during the design and construction phases of the project unless DPMC approves the change in Scope of Work through a Contract amendment.

## C. CONSULTANT'S FEES

The construction cost estimate for this project *shall not* be used as a basis for the Consultant's design and construction administration fees. The Consultant's fees shall be based on the information contained in this Scope of Work document and the observations made and/or the additional information received during the pre-proposal meeting.

# IV. PROJECT SCHEDULE

# A. SCOPE OF WORK DESIGN & CONSTRUCTION SCHEDULE

The following schedule identifies the estimated design and construction phases for this project and the estimated durations.

# PROJECT PHASE **ESTIMATED DURATION (Calendar Days)** 1. Site Access Approvals & Schedule Design Kick-off Meeting 14 42 2. Design Development Phase 14 Project Team & DPMC Plan/Code Unit Review & Comment 3. Final Design Phase 42 14 Project Team & DPMC Plan/Code Unit Review & Approval 4. **30** 

# B. CONSULTANT'S PROPOSED DESIGN & CONSTRUCTION SCHEDULE

The Consultant shall submit a project design and construction schedule with its technical proposal that is similar in format and detail to the schedule depicted in **Exhibit 'A'**. The schedule developed by the Consultant shall reflect its recommended project phases, phase activities, activity durations.

A written narrative shall also be included with the technical proposal explaining the schedule submitted and the reasons why and how it can be completed in the time frame proposed by the Consultant.

This schedule and narrative will be reviewed by the Consultant Selection Committee as part of the evaluation process and will be assigned a score commensurate with clarity and comprehensiveness of the submission.

# V. PROJECT SITE LOCATION & TEAM MEMBERS

#### A. PROJECT SITE ADDRESS

The location of the project site is:

Garden State Youth Correctional Facility Hogback Road Chesterfield, NJ

See Exhibit 'B' for the project site location map.

PROJECT LOCATION: Garden State Youth Correctional Facility

PROJECT NO: C1086-00 DATE: February 15, 2024

#### B. PROJECT TEAM MEMBER DIRECTORY

The following are the names, addresses, and phone numbers of the Project Team members.

# 1. **DPMC Representative:**

Name: Michael Ferrara, Project Manager

Address: Division of Property Management & Construction

20 West State Street, 3<sup>rd</sup> Floor

Trenton, NJ 08608-1206

Phone No: (609) 256-2586

E-Mail No: Michael.Ferrara@treas.nj.gov

# 2. Department of Corrections:

Name: Drew Pangaldi, Project Manager

Address: Department of Corrections

Whittlesey Road, PO Box 863

West Trenton, NJ 08625

Phone No: (609) 292-4036 ext. 5270

E-Mail No: drew.pangaldi@doc.nj.gov

# VI. PROJECT DEFINITION

## A. BACKGROUND

The Garden State Youth Correctional Facility was constructed in 1966 and is situated on approximately 113 acres of land located on Hogback Road in Chesterfield Township. It houses over 1,800 inmates and has a staff of over 460 personnel. It serves as the Central Reception and Diagnostic Unit for all adult males entering the New Jersey Department of Corrections (DOC) system, as well as a facility for holding younger, first time offenders. See **Exhibit 'B'** for the facility site map.

## B. FUNCTIONAL DESCRIPTION OF THE BUILDING

The North 3 is the prison reception unit building no.9, with a total of approximately 13,000 square feet of roofing system, at the Garden State Youth Correction Facility. See **Exhibit 'B'** for the facility site map.

There are some skylights on this portion of the roof that the facility desires to be removed.

PROJECT LOCATION: Garden State Youth Correctional Facility

PROJECT NO: C1086-00 DATE: February 15, 2024

# VII. CONSULTANT DESIGN RESPONSIBILITIES

# A. NEW ROOF DESIGN REQUIREMENTS

The Consultant shall provide the Design, Construction Administration, Permitting and Bid/Award services to remove and replace approximately 13,000 square feet of a built-up roofing system and eliminate all existing sky lights on the North 3 at the Garden State Youth Correction Facility (GSYCF) in Chesterfield, NJ.

# 1. Roof System Removal:

The existing roof system, insulation, flashings, and related trims shall be completely removed to the original decking and legally disposed. The removal of the existing roof system shall be coordinated with the installation of the new roof to prevent exposure to weather conditions and potential water infiltration into the building.

Design documents shall identify all requirements for safety devices, dumpster location, chutes or other methods of roofing material removal, protection from exposure to the weather, protection of property and personnel, building access routes and circulation patterns, contractor use of the premises, parking, security procedures, equipment and materials storage, waste disposal, etc.

# 2. Caulking & Joint Sealants:

All appropriate roof deck joint sealants shall be removed and replaced with high performance sealant as part of the roof system. The design shall include the cleaning, priming, and installation of new sealants with new backer rods and bond breakers.

Examine and measure all exterior joints and calculate the required joint width(s). Design for widening joints as required.

Observe the installation of the sealant joints, performing pull tests for cohesion and adhesion on a random sampling of each joint type.

Specify that the sealant manufacturer must provide a warranty for a minimum of twenty (20) years for any repairs to maintain joints in a leak free condition and at no cost to the State.

#### 3. Insulation:

Provide new high-density rigid insulation boards that comply with current energy code requirements. Ensure the roofing system manufacturer approves the method of fastening the insulation board to the roof deck system.

PROJECT LOCATION: Garden State Youth Correctional Facility

PROJECT NO: C1086-00 DATE: February 15, 2024

Flat roofs shall be avoided by using tapered insulation to promote positive drainage to the roof drains. Incorporate a roof design that shall slope a minimum of ½" per foot (½" per foot preferred).

DPMC does not permit Urethane material insulation due to a history of gas release and bubbling under the roofing ply layer(s).

# 4. New Roofing System Criteria:

Provide the design for the new roofing system in accordance with the requirements of the roofing manufacturer.

The manufacturer of the roofing system shall have no less than five (5) years successful experience in producing the materials required for this project. Membrane, flashing, and adhesive shall be the single product of a standard manufacturer.

The roofing system shall be in accordance with the latest ASHRAE 90.1 (Adopted Edition) energy standards.

The roofing system shall be in compliance with the "Factory Mutual Research Corp" (FMRC) standards and must meet all requirements of Factory Mutual I-90 classification for wind uplift.

The Contractor shall supply only a U.L. Class "A" fire rated roofing system.

If the roofing system and/or related components are not a replacement in kind, then the Consultant shall submit a signed and sealed calculations to the DPMC Design and Code Review Unit Manager verifying that the existing roof structure can support all loads of the new roofing system and components per current code requirements.

# 5. Flashing:

All rooftop HVAC curbing, parapet walls, conduit, pipe supports, pipe vents, roof hatch, ventilation fans, and other roof penetrations must have new flashing installed as part of this project.

All pipe flashings are to be pre-molded and provided with stainless steel pipe clamps at each penetration.

# 6. Parapet Walls & Coping:

Provide a design to repair or replace any damaged coping on the parapet walls as part of this project including design details to seal the coping joints.

PROJECT LOCATION: Garden State Youth Correctional Facility

PROJECT NO: C1086-00 DATE: February 15, 2024

# 7. Skylights:

Provide a design for the removal of all existing skylights over the North 3 roof. Provide structural design as necessary to fill in roof openings to facilitate the new roofing system.

# 8. Walkways:

As applicable, provide new walkway protection from access points to and around all roof mounted HVAC units and/or other similar equipment requiring periodic servicing and any other trafficking areas. If existing walk pads are to be reused then verify that they are compatible with the new roofing system.

#### 9. Roof Drains:

All drains shall be removed and reset or repositioned so that the drain is below the roof membrane surface. Provide for the interior cleaning, repair, replacement and additional drains as required and ensure that drainage water will be carried away from the building foundations, footings, lanes and sidewalks. Investigate the abandonment of leaking interior drain lines and the installation of new interior lines where access is impossible for repairs and/or replacement. Piping from HVAC units should properly discharge into drains.

Provide additional roof drains where required to eliminate standing or ponding water. New interior roof drain piping shall be designed to avoid interference with existing ductwork, structural members, and miscellaneous piping, electrical conduit, hangers, etc. The design documents shall include detailed information that describes the methods required to protect the furniture, equipment, and interior building finishes.

# 10. Night Seals:

Specify in the design documents that only as much roofing insulation, membrane, and flashing as can be made weather tight shall be installed each day. Install temporary water tight night seals around all exposed edges of the roofing assembly at the end of each work day and when work must be postponed due to inclement weather.

# 11. Fire Protection Program:

Address fire protection requirements during the demolition and installation of the roofing system. Language shall be included that states open flames such as propane torches, kettles, flame cutting, and welding cannot be used on the construction site until a fire watch program has been submitted by the Contractor and approved by the Consultant and Project Team members.

PROJECT LOCATION: Garden State Youth Correctional Facility

PROJECT NO: C1086-00 DATE: February 15, 2024

# 12. Allowable Roof System Installation:

The design documents shall specify the weather and temperature installation restrictions based on the roof system manufacturer's recommendations.

# 13. Warranty:

The roofing manufacturer's warranty shall be for a minimum of twenty (20) years.

### 14. Unit Prices:

If the total amount or quantity of repair work cannot be determined for a roof related item by the roof inspection process, then the Consultant shall include a "Unit Price" Section in Division 1 of the specification for that item. Items may include deteriorated concrete or metal decking, plywood sheathing, wood blocking or curbing, vapor barriers, interior roof drains, etc.

#### 15. Contractor Use of the Premises:

Refer to **Exhibit 'D'** to find "Rules and Regulations Regarding Outside Contractors" and work with the Project Team to add any additional special security and policy requirements that must be followed during all work conducted at the facility and include this information in Division 1 of the specification.

Develop procedures for personnel to access the project site and provide the names and phone numbers of approved escorts when needed.

## B. HAZARDOUS BUILDING MATERIALS

Consultant shall survey the building(s) and, if deemed necessary, collect samples of materials that will be impacted by the construction/demolition activities and analyze them for the presence of hazardous materials including:

- 1. Asbestos in accordance with N.J.A.C. 5:23-8, Asbestos Hazard Abatement Subcode.
- 2. Lead in accordance with N.J.A.C. 5:17, Lead Hazard Evaluation and Abatement Code.
- 3. PCB's in accordance with 40 CFR 761, Polychlorinated Biphenyls (PCBs) Manufacturing, Processing, Distribution in Commerce, and Use Prohibitions. Consultant shall engage a firm certified in the testing and analysis of materials containing PCB's.
- 4. Mold

PROJECT LOCATION: Garden State Youth Correctional Facility

PROJECT NO: C1086-00 DATE: February 15, 2024

The Consultant shall engage the services of a Sub-Consultant, pre-qualified with DPMC in the P065 Lead Paint Evaluation/Inspection Specialty Discipline to produce a design document that stipulates construction safety procedures that adhere to applicable Federal and State regulations and that shall be incorporated into the project design documents.

A formal lead abatement shall <u>not</u> be conducted. Rather, the design document shall deal only with proposed lead base paint as may be encountered in areas of the building that will be affected by the construction of this project. It is intended that the construction Contractor for the project shall be responsible for any and all air or swab sampling during construction as may be required by law. The Sub-Consultant shall supervise said activity and sampling.

Consultant shall document their procedure, process and findings and prepare a "Hazardous Materials Survey Report" identifying building components impacted by construction activities requiring hazardous materials abatement. Consultant shall provide three copies of the "Hazardous Materials Survey Report" to the Project Manager.

Consultant shall estimate the cost of hazardous materials sample collection, testing, analysis and preparation of the Hazardous Materials Survey Report and include that amount in their fee proposal line item entitled "Hazardous Materials Testing and Report Allowance", refer to paragraph X.B.

Based on the Hazardous Materials Survey Report, Consultant shall provide construction documents for abatement of the hazardous materials impacted by the work in accordance with the applicable code, subcode and Federal regulations.

Consultant shall estimate the cost to prepare construction documents for hazardous materials abatement and include that amount in their fee proposal line item entitled "Hazardous Materials Abatement Design Allowance", refer to paragraph X.C.

Consultant shall estimate the cost to provide "Construction Monitoring and Administration Services" for hazardous materials abatement activities and include that amount in their fee proposal line item entitled "Hazardous Materials Construction Administration Allowance", refer to paragraph X.D.

There shall be no "mark-up" of sub-consultant or subcontractor fees if sub-consultants or subcontractors are engaged to perform any of the work defined in paragraph VII.D "Hazardous Building Materials". All costs associated with managing, coordinating, observing and administrating sub-consultants and subcontractors performing hazardous materials sampling, testing, analysis, report preparation, hazardous materials construction administration services shall be included in the consultant's lump sum fee proposal.

PROJECT LOCATION: Garden State Youth Correctional Facility

PROJECT NO: C1086-00 DATE: February 15, 2024

### C. ROOF MONITOR

The Consultant shall have in-house capabilities or a Sub-Consultant pre-qualified with DPMC in the P028 Roofing Inspection Specialty Discipline. The costs for the services provided by the roof monitor shall be included in their fee proposal line item entitled "Roof Monitor Allowance", refer to paragraph X.E. A cost breakdown sheet shall accompany the fee proposal that identifies all costs associated with the Roof Monitoring services to be provided.

The Consultant shall provide a full time roof monitor during the installation of the roof systems on the buildings. The responsibilities of the roof monitor shall include, but not be limited to the following items:

# 1. Roof Monitor Inspections:

The Roof Monitor must continuously inspect and monitor the Contractor's work on site and file a daily DPMC 605 Roofing Inspector's Check List Form to ensure compliance with the contract documents. Photographs shall be included for reference. The report shall include weather conditions, number of workers, and the amount of roof removed and installed together with comments on each phase of work. Comments shall provide descriptions and information on project mobilization, material delivery, removal of existing roof system, preparation of the existing deck, installation of the new underlayment and/or insulation, sealant and adhesive applications, flashing, walkways, etc.

#### 2. Inclement Weather:

The Consultant, in conjunction with the Roof Monitor, shall anticipate time losses due to seasonal inclement weather conditions such as rain, wind and low ambient temperatures and include these hours in the base bid of the fee proposal.

On the first day of inclement weather, the Roof Monitor will be entitled to four hours to visit the site and inspect the roofing system for potential roof leaks or damage. Additional time spent on the site during inclement weather will not be reimbursed unless directed by the Project Manager.

# 3. Unsatisfactory Work:

If the Roof Monitor determines that the roof Contractor is installing the roofing system improperly, he shall notify the Contractor to stop all work until the Consultant is notified and inspects the work for design conformity. If appropriate, provisions shall be made to seal the roof work area until the Consultant arrives and the installation issues are resolved.

If the Consultant determines that the installation does not meet the intentions of the design or indicates poor workmanship, he shall notify the Project Manager that he recommends the questionable roofing installation be removed and replaced properly. The Project Manager shall

PROJECT LOCATION: Garden State Youth Correctional Facility

PROJECT NO: C1086-00 DATE: February 15, 2024

then notify the Contractor verbally to take the recommended action and shall follow up with a written directive indicating the time and date the Contractor was notified.

# 4. Meetings:

The Consultant and Roof Monitor shall both attend the pre-construction conference and all periodic job progress meetings during the construction phase of the project.

## D. EMERGENCY REPAIRS

The Consultant must include information in the contract documents that will address the Contractor's responsibility for repairs to the roofing system during the construction phase of the project. The information shall include, but not be limited to the following:

Stipulate in the contract documents that the Contractor shall perform all inspections and emergency repairs to all defects or leaks in the roofing system during construction within twenty four (24) hours of receipt of notice from the owner. Repairs shall include all labor, roofing materials, flashing, etc. When weather permits, all temporary repairs shall be redone and the roof restored to the standard of the original installation.

# E. DESIGN MEETINGS & PRESENTATIONS

# 1. Design Meetings:

Conduct the appropriate number of review meetings with the Project Team members during each design phase of the project so they may determine if the project meets their requirements, question any aspect of the contract deliverables, and make changes where appropriate. The Consultant shall describe the philosophy and process used in the development of the design criteria and the various alternatives considered to meet the project objectives. Selected studies, sketches, cost estimates, schedules, and other relevant information shall be presented to support the design solutions proposed. Special considerations shall also be addressed such as: Contractor site access limitations, utility shutdowns and switchover coordination, phased construction and schedule requirements, security restrictions, available swing space, material and equipment delivery dates, etc.

It shall also be the responsibility of the Consultant to arrange and require all critical Sub-Consultants to be in attendance at the design review meetings.

Record the minutes of each design meeting and distribute within three (3) calendar days to all attendees and those persons specified to be on the distribution list by the Project Manager.

PROJECT LOCATION: Garden State Youth Correctional Facility

PROJECT NO: C1086-00 DATE: February 15, 2024

# 2. Design Presentations:

The minimum number of design presentations required for each phase of this project is identified below for reference:

Design Development Phase: One (1) oral presentation at phase completion.

Final Design Phase: One (1) oral presentation at phase completion.

# F. EXISTING DOCUMENTATION

Copies of the following documents will be provided to each Consulting firm at the pre-proposal meeting to assist in the bidding process.

- (ODC Project C0635-00: Various Roof Replacement at Garden State Reception and Youth Correctional Facility, 2/24/2000, Elkin/Sobolta & Associates
- DPMC Project C0892-00: Renovation, Islamic Office Garden State Youth Correctional Facility, 31 January 2012, Lammey & Giorgio.
- Garden State Correctional 2011 AHERA Report.
- Garden State Correctional Cover Letter Reports 2007 and 2011
- C0588-00 Garden State Facility Inventory 1995

Review these documents and any additional information that may be provided at a later date such as reports, studies, surveys, equipment manuals, as-built drawings, etc. The State does not attest to the accuracy of the information provided and accepts no responsibility for the consequences of errors by the use of any information and material contained in the documentation provided. It shall be the responsibility of the Consultant to verify the contents and assume full responsibility for any determination or conclusion drawn from the material used. If the information provided is insufficient, the Consultant shall take the appropriate actions necessary to obtain the additional information required.

All original documentation shall be returned to the provider at the completion of the project.

# VIII. PERMITS & APPROVALS

## A. NJ UNIFORM CONSTRUCTION CODE PLAN REVIEW AND PERMIT

The project construction documents must comply with the latest adopted edition of the NJ Uniform Construction Code (NJUCC).

The latest NJUCC Adopted Codes and Standards can be found at:

PROJECT LOCATION: Garden State Youth Correctional Facility

PROJECT NO: C1086-00 DATE: February 15, 2024

http://www.state.nj.us/dca/divisions/codes/codreg/

# 1. NJ Uniform Construction Code (NJUCC) Plan Review

Consultant shall estimate the cost of the NJUCC Plan Review by DCA and include that amount in their fee proposal line item entitled "Plan Review and Permit Fee Allowance", refer to paragraph X.A.

Upon approval of the Final Design Phase Submission by DPMC, the Consultant shall submit the construction documents to the Department of Community Affairs (DCA), Bureau of Construction Project Review to secure a complete plan release.

As of July 25, 2022, the Department of Community Affairs (DCA) is only accepting digital signatures and seals issued from a third party certificate authority. The DCA ePlans site can be found at:

https://www.nj.gov/dca/divisions/codes/offices/ePlans.html

Procedures for submission to the DCA Plan Review Unit can be found at:

https://www.state.nj.us/dca/divisions/codes/forms/pdf bcpr/pr app guide.pdf

Consultant shall complete the "Project Review Application" and include the following on Block 5 as the "Owner's Designated Agent Name":

Joyce Spitale, DPMC PO Box 235 Trenton, NJ 08625-0235 Joyce.Spitale@treas.nj.gov 609-943-5193

The Consultant shall complete the NJUCC "Plan Review Fee Schedule", determine the fee due and pay the NJUCC Plan Review fees, refer to Paragraph X.A.

The NJUCC "Plan Review Fee Schedule" can be found at:

http://www.state.nj.us/dca/divisions/codes/forms/pdf bcpr/pr fees.pdf

### 2. NJ Uniform Construction Code Permit

Upon receipt of a complete plan release from the DCA Bureau of Construction Project Review, the Consultant shall complete the NJUCC permit application and all applicable technical subcode sections. The "Agent Section" of the application and certification section of the building sub-code section shall be signed. These documents, with six (6) sets of DCA approved, signed and sealed construction documents shall be forwarded to the DPMC Project Manager.

PROJECT LOCATION: Garden State Youth Correctional Facility

PROJECT NO: C1086-00 DATE: February 15, 2024

The Consultant may obtain copies of all NJUCC permit applications at the following website:

http://www.state.nj.us/dca/divisions/codes/forms/

All other required project permits shall be obtained and paid for by the Consultant in accordance with the procedures described in Paragraph VIII.B.

# 3. Prior Approval Certification Letters:

The issuance of a construction permit for this project may be contingent upon acquiring various "prior approvals" as defined by N.J.A.C. 5:23-1.4. It is the Consultant's responsibility to determine which prior approvals, if any, are required. The Consultant shall submit a general certification letter to the DPMC Plan & Code Review Unit Manager during the Permit Phase of this project that certifies all required prior approvals have been obtained.

In addition to the general certification letter discussed above, the following specific prior approval certification letters, where applicable, shall be submitted by the Consultant to the DPMC Plan & Code Review Unit Manager: Soil Erosion & Sediment Control, Water & Sewer Treatment Works Approval, Coastal Areas Facilities Review, Compliance of Underground Storage Tank Systems with N.J.A.C. 7:14B, Pinelands Commission, Highlands Council, Well Construction and Maintenance; Sealing of Abandoned Wells with N.J.A.C. 7:9D, Certification that all utilities have been disconnected from structures to be demolished, Board of Health Approval for Potable Water Wells, Health Department Approval for Septic Systems. It shall be noted that in accordance with N.J.A.C. 5:23-2.15(a)5, a permit cannot be issued until the letter(s) of certification is received.

# 4. Multi-building or Multi-site Permits:

A project that involves many buildings and/or sites requires that a separate permit shall be issued for each building or site. The Consultant must determine the construction cost estimate for *each* building and/or site location and submit that amount where indicated on the permit application.

# 5. Special Inspections:

In accordance with the requirements of the New Jersey Uniform Construction Code N.J.A.C. 5:23-2.20(b), Bulletin 03-5 and Chapter 17 of the International Building Code, the Consultant shall be responsible for the coordination of all special inspections during the construction phase of the project.

Bulletin 03-5 can be found at:

http://www.state.nj.us/dca/divisions/codes/publications/pdf bulletins/b 03 5.pdf

PROJECT LOCATION: Garden State Youth Correctional Facility

PROJECT NO: C1086-00 DATE: February 15, 2024

#### a. Definition:

Special inspections are defined as an independent verification by a certified special inspector for **Class I buildings and smoke control systems in any class building**. The special inspector is to be independent from the Contractor and responsible to the Consultant so that there is no possible conflict of interest.

Special inspectors shall be certified in accordance with the requirements in the New Jersey Uniform Construction Code.

### b. Responsibilities:

The Consultant shall submit with the permit application, a list of special inspections and the agencies or special inspectors that will be responsible to carry out the inspections required for the project. The list shall be a separate document, on letter head, signed and sealed.

# B. OTHER REGULATORY AGENCY PERMITS, CERTIFICATES AND APPROVALS

The Consultant shall identify and obtain all other State Regulatory Agency permits, certificates, and approvals that will govern and affect the work described in this Scope of Work. An itemized list of these permits, certificates, and approvals shall be included with the Consultant's Technical Proposal and the total amount of the application fees should be entered in the Fee Proposal line item entitled, "Permit Fee Allowance."

The Consultant may refer to the Division of Property Management and Construction "Procedures for Architects and Engineers Manual", Paragraph "9. REGULATORY AGENCY APPROVALS" which presents a compendium of State permits, certificates, and approvals that may be required for this project.

The Consultant shall determine the appropriate phase of the project to submit the permit application(s) in order to meet the approved project milestone dates.

Where reference to an established industry standard is made, it shall be understood to mean the most recent edition of the standard unless otherwise noted. If an industry standard is found to be revoked, or should the standard have undergone substantial change or revision from the time that the Scope of Work was developed, the Consultant shall comply with the most recent edition of the standard.

PROJECT LOCATION: Garden State Youth Correctional Facility

PROJECT NO: C1086-00 DATE: February 15, 2024

# IX. ENERGY REBATE AND INCENTIVE PROGRAMS

The Consultant shall review any and all programs on the State and Federal level to determine if any proposed upgrades to the mechanical and/or electrical equipment and systems for this project qualify for approved rebates and incentives.

The Consultant shall review the programs available on the "New Jersey's Clean Energy Program" website at: <a href="http://www.njcleanenergy.com">http://www.njcleanenergy.com</a> as well as federal websites and New Jersey electric and gas utility websites to determine if and how they can be applied to this project.

The Consultant shall identify all applicable rebates and incentives in their technical proposal and throughout the design phase.

The Consultant shall be responsible to complete the appropriate registration forms and applications, provide any applicable worksheets, manufacturer's specification sheets, calculations, attend meetings, and participate in all activities with designated representatives of the programs and utility companies to obtain the entitled financial incentives and rebates for this project.

All costs associated with this work shall be estimated by the Consultant and the amount included in the base bid of its fee proposal.

# X. ALLOWANCES

## A. PLAN REVIEW AND PERMIT FEE ALLOWANCE

The Consultant shall obtain and pay for all of the project permits in accordance with the guidelines identified below.

#### 1. Permits:

The Consultant shall determine the various permits, certificates, and approvals required to complete this project.

### 2. Permit Costs:

The Consultant shall estimate the application fee costs for all of the required project permits, certificates, and approvals (excluding the NJ Uniform Construction Code permit) and include that amount in its fee proposal line item entitled "Plan Review and Permit Fee Allowance". A breakdown of each permit and application fee shall be attached to the fee proposal for reference.

PROJECT LOCATION: Garden State Youth Correctional Facility

PROJECT NO: C1086-00 DATE: February 15, 2024

**NOTE:** The NJ Uniform Construction Code permit is excluded since it will be paid for by the State.

# 3. Applications:

The Consultant shall complete and submit all permit applications to the appropriate permitting authorities and the costs shall be paid from the Consultant's permit fee allowance. A copy of the application(s) and the original permit(s) obtained by the Consultant shall be given to the DPMC Project Manager for distribution during construction.

#### 4. Consultant Fee:

The Consultant shall determine what is required to complete and submit the permit applications, obtain supporting documentation, attend meetings, etc., and include the total cost in the base bid of its fee proposal under the "Permit Phase" column.

Any funds remaining in the permit allowance will be returned to the State at the close of the project.

### B. HAZARDOUS MATERIALS TESTING AND REPORT ALLOWANCE

Consultant shall estimate the costs to complete the hazardous materials survey, sample collection, testing and analysis and preparation of a "Hazardous Materials Survey Report" noted in paragraph VII.C and enter that amount on their fee proposal line item entitled "Hazardous Materials Testing and Report Allowance". Consultant shall attach a detailed cost breakdown sheet for use by DPMC during the proposal review and potential fee negotiations. The cost breakdown sheet shall include, but not be limited to, the following information:

- Description of tasks and estimated cost for the following:
  - Sample collection
  - Sample testing
  - o Preparation of an Hazardous Materials Survey Report

Any funds remaining in the Hazardous Materials Testing and Report Allowance will be returned to the State at the close of the project.

## C. HAZARDOUS MATERIALS ABATEMENT DESIGN ALLOWANCE

Consultant shall estimate the costs to prepare construction documents for hazardous materials abatement noted in paragraph VII.C and enter that amount on their fee proposal line item entitled "Hazardous Materials Abatement Design Allowance". Consultant shall attach a detailed cost breakdown sheet for use by DPMC during the proposal review and potential fee negotiations. The cost breakdown sheet shall include a description of the tasks to be performed and the estimated cost of each task.

PROJECT LOCATION: Garden State Youth Correctional Facility

PROJECT NO: C1086-00 DATE: February 15, 2024

Any funds remaining in the Hazardous Materials Abatement Design Allowance will be returned to the State at the close of the project.

# D. HAZARDOUS MATERIALS CONSTRUCTION ADMINISTRATION ALLOWANCE

Consultant shall estimate the cost to provide Construction Monitoring and Administration Services for hazardous materials abatement as noted in paragraph VII.C and enter that amount on their fee proposal line item entitled "Hazardous Materials Construction Administration Allowance". Consultant shall attach a detailed cost breakdown sheet for use by DPMC during the proposal review and potential fee negotiations. The cost breakdown sheet shall include a description of the tasks to be performed and the estimated cost of each task.

Any funds remaining in the Hazardous Materials Construction Administration Allowance will be returned to the State at the close of the project.

#### E. ROOF MONITOR ALLOWANCE

The Consultant shall provide a full time roof monitor pre-qualified with DPMC in the P028 Roofing Inspection Specialty Discipline during the installation of the roof system on the building. See section VII, paragraph D of this Scope of Work for a description of services to be provided by a roof monitor.

The costs for the services provided by the roof monitor shall be included in the "**Roof Monitor Allowance**" of their fee proposal. A cost breakdown sheet shall accompany the fee proposal that identifies all costs associated with the Roof Monitoring services to be provided.

Any funds remaining in the Allowance shall be returned to the State at the end of the project.

PROJECT LOCATION: Garden State Youth Correctional Facility

PROJECT NO: C1086-00 DATE: February 15, 2024

# XI. SOW SIGNATURE APPROVAL SHEET

This Scope of Work shall not be considered a valid document unless all signatures appear in each designated area below.

The client agency approval signature on this page indicates that they have reviewed the design criteria and construction schedule described in this project Scope of Work (including the subsequent contract deliverables and exhibits) and verifies that the work will not conflict with the existing or future construction activities of other projects at the site.

PROJECT NO: C1086-00 DATE: February 15, 2024

# XII. CONTRACT DELIVERABLES

The following are checklists listing the Contract Deliverables that are required at the completion of each phase of this project. The Consultant shall refer to the DPMC publication entitled "Procedures for Architects and Engineers," 3.0 Edition, dated September 2022 available at <a href="https://www.nj.gov/treasury/dpmc/Assets/Files/ProceduresforArchitectsandEngineers.pdf">https://www.nj.gov/treasury/dpmc/Assets/Files/ProceduresforArchitectsandEngineers.pdf</a> for a detailed description of the deliverables required for each submission item listed. References to the applicable paragraphs of the "Procedures for Architects and Engineers" are provided.

Note that the Deliverables Checklist may include submission items that are "S.O.W. Specific Requirements". These requirements will be defined in the project specific scope of work and included on the deliverables checklist.

This project includes the following phases with the deliverables noted as "Required by S.O.W" on the Deliverables Checklist:

- DESIGN DEVELOPMENT PHASE
- FINAL DESIGN PHASE
- PERMIT APPLICATION PHASE
- BIDDING AND CONTRACT AWARD
- CONSTRUCTION PHASE
- PROJECT CLOSE-OUT PHASE

#### Responsible Group Code Table

The codes below are used in the schedule field "GRP" that identifies the group responsible for the activity. The table consists of groups in the Division of Property Management & Construction (DPMC), as well as groups outside of the DPMC that have responsibility for specific activities on a project that could delay the project if not completed in the time specified. For reporting purposes, the groups within the DPMC have been defined to the supervisory level of management (i.e., third level of management, the level below the Associate Director) to identify the "functional group" responsible for the activity.

CODE	DESCRIPTION	REPORTS TO ASSOCIATE DIRECTOR OF:
CM	Contract Management Group	Contract Management

# **RULES AND REGULATIONS REGARDING OUTSIDE CONTRACTORS**

Garden State Youth Correctional Facility administration is charged with the responsibility of the custody of their inmates. All non-state employees must comply with the below listed Rules and Regulations as a condition of their employment and access to state property.

- Driver's License or other approved photo ID is to be used, as identification for work crews. NOTE: If temporary IDs are used, the contractor's Identification will be turned in at the beginning of the day and a temporary ID card will be issued to the escort officer. At the end of the day, the temporary ID will be turned in and the Identification submitted will be returned to each worker. No temporary ID cards will leave the Institution.
- 2. Work crews will enter through front lobby as scheduled. They will be escorted to the work site unless special arrangements have been made through the area supervisor.
- If Restricted Visitor's Badges are used by the Lobby LCP, they must be worn on the outer most garment at all times.
- 4. An escort will be required to and from the job site. No contractor will walk anywhere on the compound without a proper escort.
- 5. All workers and vehicles will be subject to search prior to entry into the Institution. Furthermore, any worker on vehicle is subject to search at any time while on state property.
- 6. All workers are to read, sign, and receive a set of Garden State Youth Correctional Facility Outside contractor regulations.
- 7. If any workers have any relatives or friends incarcerated at GSYCF, they are to notify administrative officials.
- 8. No workman is to fraternize or argue with inmates. Any difficulties with inmates and/or employees must be reported to the escorting officer immediately. The officer will then inform his area supervisor of any problems.
- 9. Do not give anything to, or take anything from inmates.

**EXHIBIT 'D'** 

- 10. Lock all personal vehicles and demobilize construction vehicles and equipment when left unattended. All tools stored outside the security perimeter will be secured in locked vehicles. Ladders will be firmly secured and locked to the roof or side of construction vehicles.
- 11. Cell phones and cameras are prohibited. Photos are taken on a permit basis.
- 12. All tools and equipment will be locked in the contractor's trailer overnight. Equipment, such as ladders and scaffolding (contractors supply these items), will be chained and locked before leaving. Any scaffolding will be removed at the end of each workday and locked.
- 13. Warning lights must be displayed at all dangerous areas at night.
- 14. No firearms, ammunition, hunting knives, personal knives of any size or type, or other articles of this nature are permitted on state property or stored in vehicles.
- 15. No alcoholic beverages, controlled substances, or prescription medication (drugs) are permitted on the grounds. Smoking is prohibited in **ALL** state buildings.
- 16. Institutional Fire Regulations shall be strictly adhered to; you may contact the Institutional Fire Marshall through the Escort Officer.
- 17. Obey speed limit and all NO PARKING and designated parking areas.
- 18. Lock personal items in your vehicle outside the security perimeter of the prison.
- 19. All excavations will be protected as directed by the Engineer-in-charge of Maintenance and those across main roads must be covered with plates.
- 20. It is the responsibility of each contractor to know that his tools and equipment are secured in a locked trailer at the end of every workday.
- 21. All workers for jobs over 3 days must have a security background check.
- 22. Each contractor with a gang box will submit an inventory tool list. All power tools must be inspected and required tool inventory submitted at the end of each workday. Tools will not be permitted inside the security perimeter if not job specified. A gang boxes will be searched upon entering and leaving the Institution.
- 23. Equipment and tools are to be kept away from the bars and fence surrounding the job site.
- 24. Each contractor is responsible for any damage done as a result of their work.
- 25. All acetylene torch heads, regulators, and hoses will be removed from the Institution on a daily basis. All tanks will be secured in locked trailers or containers outside the security perimeter.

# **EXHIBIT 'D'**

- 26. Tools will be inventoried on a daily basis, secured in gang boxes, and sealed with tamper proof seals. The seal numbers will be logged on the Daily Inventory Sheet.
- 27. All blades, regardless of nature, will be inventoried. When a blade wears out or breaks, it will be taken off the inventory and taken out of the Institution.
- 28. Unacceptable Clothing The following clothing should **not** be worn when entering any part of the prison:
  - Tank tops, mesh tops, or tube tops
  - Low-cut tops, shoulderless tops, halter tops, or sheer clothing
  - Shorts
  - Sweat pants
  - Leggings or tights (unless covered by a long top, skirt, etc.)
  - Bike pants, ragged jeans (no patches or holes)
  - Skirts with high slits, mini styled skirts, mini dresses, or mini culottes
  - Proper foot wear is required. No thong sandals, beach footwear, or open toed shoes
  - Clothing with inappropriate or offensive inscriptions
- 29. In the event of an emergency, you will be directed to a secured area of the Institution. You are to follow the direction of your Escort Officer at ALL times.

I have reviewed the above rules and regulations pertaining to outside contractors working in Garden State Youth Correctional Facility. I understand that any violation of these rules and regulations could result in me no longer being permitted to work within this institution and its grounds.
