DEPARTMENT OF STATE

OVERVIEW

Mission and Goals

The mission of the Department of State is to advance and support the arts, heritage, and historic record of New Jersey through public participation in cultural programs, quality of life initiatives, community service and mentoring activities, and a robust travel and tourism marketing program that highlights our distinct and varied cultural, historic, and natural attractions. The Department is committed to educating and empowering the State's citizens in the areas of faith- and community-based service, history, the arts, and the collection of fine and decorative art objects, ethnological and archaeological material, and scientific specimens. With the addition of the Division of Travel and Tourism in fiscal 2008, the Department has developed a coordinated strategy to enhance public awareness and utilization of these attractions and resources.

The Department also provides significant leadership and resources to New Jersey's State and local governments for building and improving the infrastructure of public records administration. The Public Broadcasting Authority, the Commission on Higher Education, and the Higher Education Student Assistance Authority are also housed within the Department. Additionally, the appropriations for the senior public institutions of higher education and the State Library, which are autonomous, are displayed in the Department of State. Appropriations for other higher educational services are included in the Department of the Treasury budget.

Budget Highlights

The Fiscal 2009 Budget for the Department of State, excluding Higher Education, the State Library, and New Jersey Network, totals \$65 million, a decrease of \$28.4 million or 30.4% under the fiscal 2008 adjusted appropriation of \$93.4 million. Of this reduction, \$10.5 million represents the elimination of a one-time appropriation for the 2008 Presidential Primary election.

Culture and the Arts

The mission of the New Jersey State Council on the Arts (NJSCA), which consists of 20 members, is to improve the quality of life of this state, its people, and communities by helping the arts to flourish. The NJSCA has established a competitive program for the granting of funds appropriated by State and federal governments to art organizations and artists in New Jersey. These programs enable thousands of arts events annually, including touring exhibitions, summer festivals, and artists-in-the-schools, all designed to involve more segments of New Jersey society directly with the arts. The Council monitors the operations of grantees and promotes performing and creative arts throughout New Jersey through important initiatives such as Discover Jersey Arts, the Council's ambitious promotional campaign that includes media promotions; a web site at www.jerseyarts.com; and a telephone hotline, 1-800-THE-ARTS. The total fiscal 2009 appropriation of \$18.9 million includes \$450,000 for Direct State Services and \$18.4 million in Grants-In-Aid. The Grants-In-Aid appropriation includes \$16 million for Cultural Projects, which is funded directly from revenue derived from the State hotel and motel occupancy fee, and a separate \$2.4 million grant to the Newark Museum.

The goal of the New Jersey Cultural Trust is the establishment of a stable source of funding for the arts, history, and humanities by leveraging private contributions with State funding. The Trust was created to match private dollars to State dollars on a 1:1 basis. Since its establishment in fiscal 2000, the Cultural Trust has certified \$38.5 million in private donations to the endowments of various cultural organizations throughout the State. The Trust Fund principal has grown to almost \$22.7 million and has earned over \$3 million in

interest to support four grant rounds by the end of January 2008. The fiscal 2009 recommendation for the Cultural Trust is \$500,000. Funding for the Cultural Trust comes from revenue derived from the State hotel and motel occupancy fee.

History

The mission of the New Jersey Historical Commission is to enrich the lives of the public by preserving the historical records and advancing interest in, and awareness of, New Jersey's past. The Historical Commission, which consists of 17 members, supports research by historical organizations, museums, libraries, and other similar organizations with collections or programming related to the history of New Jersey. The total fiscal 2009 appropriation of \$3.6 million includes \$346,000 for Direct State Services and \$3.3 million in Grants-In-Aid. Of the \$3.3 million in Grants-In-Aid, \$2.7 million will fund the New Jersey Historical Commission's agency grants with revenue derived from the State hotel and motel occupancy fee. In addition to grants, the Commission fulfills its mission by presenting and making possible public programs, producing publications and media projects, and providing curriculum material for students and teachers, with an important focus on the integration of African-American history into the curriculum in public schools throughout New Jersey through its support of the Amistad Commission.

Museum Services

The New Jersey State Museum serves the lifelong educational needs of residents and visitors through its collections, exhibitions, programs, publications, and scholarship in science, history, and the arts. Within a broad context, the Museum explores the natural and cultural diversity of New Jersey, past and present. The Museum serves school students, families, researchers, and visitors. With its newly renovated facilities, the Museum is poised to provide all visitors with an enhanced opportunity to explore and learn about New Jersey. The fiscal 2009 Direct State Services appropriation for Museum Services totals \$3.3 million. A Grants-In-Aid appropriation of \$2.4 million in fiscal 2009 is composed of \$500,000 to maintain the War Memorial, as well as \$1.9 million to support the Battleship New Jersey Museum. As a presenting theater, the War Memorial will continue its efforts to increase revenues and attendance levels at this historic site.

Travel and Tourism

Transferred to the Department of State in fiscal 2008, the New Jersey Division of Travel and Tourism, in partnership with the travel industry, develops and promotes New Jersey as a single yet diverse travel destination to increase revenues, investments, and employment, contributing to the economic prosperity and quality of life throughout the state. The fiscal 2009 appropriation for Travel and Tourism is \$10.8 million, of which \$9 million is for Advertising and Promotion and \$1.8 million will support the Cooperative Marketing Program.

Office of the Secretary of State

Of the \$6.9 million fiscal 2009 Direct State Services appropriation for the Office of the Secretary of State, \$2.8 million is recommended for the Division of Archives and Records Management and \$824,000 is recommended for Elections Management and Coordination, which has been relocated to the Department of State from the Department of Law and Public Safety. The remaining \$3.3 million includes several special purpose programs, such as the Personal Responsibility Program that promotes youth-centered activities including programs offered by the Martin Luther King, Jr. Commemorative Commission. The fiscal 2009 Grants-In-Aid appropriation for the Office of the Secretary of State is \$2 million, which includes \$500,000 for the Cultural Trust and \$1.5 million for the Office of Faith-Based Initiatives. The Faith-Based Initiatives funding is provided for grants that enable faith- and community-based organizations to undertake a variety of social service activities.

The federal AmeriCorps program was transferred from the Department of Education to the Department of State in fiscal 2004. AmeriCorps works to strengthen New Jersey communities and the civic character of New Jersey citizens through service. AmeriCorps is the National Service Program that provides Americans of all ages and backgrounds with an opportunity to earn education awards in exchange for community service. The AmeriCorps commitment is a one- or two-year obligation in which members help meet New Jersey's critical needs in areas of public safety, education, human needs, homeland security, and the environment. Currently more than 500 AmeriCorps members serve in New Jersey communities.

Archives and Records Management

The Fiscal 2009 Budget for the Division of Archives and Records Management (DARM) is recommended at \$2.8 million. In addition, DARM will distribute Public Archives and Records Infrastructure Support (PARIS) grants from revenue derived from the New Jersey Public Records Preservation account, a dedicated source of funds established in the Department of the Treasury via P.L. 2003, c. 117.

Department Accomplishments

The Department of State has made significant accomplishments that contribute to the economy, improve New Jersey's schools, and revitalize cities, towns, and neighborhoods.

The State Museum, the first in the nation to be conceived with primarily an educational purpose, has raised over \$1.2 million for new exhibits for the pending reopening. Corporate and foundation support continues to be very robust in this public/private partnership.

Travel and tourism adds \$37.6 billion to the state's economic activity and supports 472,000 jobs. To enhance this economic impact, the Division of Travel and Tourism has innovatively restructured its competitive grant program for qualified Destination Marketing Organizations (DMO). Through this streamlined program, the State will fund DMO collaborations with area chambers of commerce and businesses, local and county governments, and arts, history, and cultural organizations to markedly enhance regional tourism through more effective utilization of marketing dollars. Replicating successful techniques used elsewhere in the country, this public/private collaboration will allow cities and regions in New Jersey to leverage shared marketing costs resulting in the best return on our investment.

The Public Archives and Records Infrastructure Support (PARIS) grant program has provided more than \$73 million since 2005 in cooperative intergovernmental shared services among the 21 counties and local municipalities. This nationally-recognized model has resulted in property tax savings as a result of streamlined and innovative record keeping and storage techniques. Additionally, DARM's new Storage Ways Assessment Team (SWAT) program, working in partnership with the Department of the Treasury, has saved taxpayers \$3 million in records storage costs, by reducing the cost of contracted document storage, and by eliminating and consolidating scattered, inefficient departmental document storage sites.

New Jersey Network

The Fiscal 2009 Budget recommendation for the Public Broadcasting Authority (New Jersey Network–NJN) is \$4.3 million, a reduction of \$1.6 million from the fiscal 2008 adjusted appropriation.

Higher Education

The New Jersey system of higher education is committed to enabling all people to achieve their maximum potential, fostering democratic principles, improving the quality of life, and supporting the state's success in a global economy. By placing teaching and learning at the core of its mission, the higher education system in New Jersey prepares individuals for rewarding careers, fulfilling lives, and lifelong learning. Through research, colleges and universities enhance teaching and learning, increase knowledge, improve the human condition, and enhance the economy. Many institutions also provide community service, such as work with local schools and organizations, recreational and cultural events, and support and technical assistance for small businesses.

New Jersey's 31 public and 29 private institutions of higher education have clearly differentiated missions and offer diverse opportunities to meet the needs of students, the state and society, including undergraduate, graduate, and professional degree programs; research; academic support; and noncredit offerings such as job training and continuing education.

The Higher Education Restructuring Act of 1994 established a tripartite governance structure consisting of college and university governing boards, the Commission on Higher Education, and the New Jersey Presidents' Council. The governing boards of the public higher education institutions are accountable to the public for the fulfillment of each institution's unique mission, furthering statewide goals, and the effective management of the institutions. The Commission on Higher Education has statewide responsibility for planning, policy development, advocacy, licensure, and the administration of several grant programs, including the Educational Opportunity Fund, which provides financial support and services to educationally and economically disadvantaged students. The New Jersey Presidents' Council advises the Commission in these areas and also reviews new academic programs and makes recommendations on regional alliances, the higher education budget, and student aid levels. The Commission and the Council were created to work together to coordinate higher education and advance State goals.

Beginning in fiscal 2006, the Commission on Higher Education assumed responsibility for administering the Governor's School Program, a summer residential program at six college campuses throughout the state, offering intensive experiences for artistically and academically talented high school students. The program is supported by individual, corporate, and foundation gifts and grants. In summer 2007, it served over 500 high achieving high school students.

The Commission also initiated a study of the transfer of credits across the county colleges and senior public colleges and universities to ensure consistency and fairness for all New Jersey students. Recent legislation has led to a statewide transfer of credits agreement, to be implemented by fall 2008.

The Higher Education Student Assistance Authority (HESAA) administers most of the State and federal student financial aid programs in New Jersey. Progress in meeting long-range plan goals in the area of State student financial aid has also been made, with steady increases in both Tuition Aid Grants and the Educational Opportunity Fund.

HESAA has taken numerous steps to create and maintain efficiencies in its procurement processes and operational practices. Examples of operational efficiencies that have been realized in the last several years include, but are not limited to, the following:

• Implementing a technology that converts reports to electronic files that can be e-mailed. In addition to eliminating production of hundreds of thousands of pages of paper reports each year, this process saves the cost and time previously required to mail these reports;

• Establishing numerous web-based processes, including webbased loan applications, that benefit students, parents, and client institutions and save additional paper, printing, and mailing costs; and

• Performing reviews that identify and correct inefficiencies and non-compliant practices by institutions that use HESAA-based programs, resulting in significant refunds of grant funds to the State's General Fund. In one recent case, HESAA's review resulted in a return of \$1.2 million in State grant funds that were disbursed improperly by an educational institution.

The following describes recommended changes to the higher education appropriation as well as continued funding for major programs.

The total fiscal 2009 recommended direct operating aid for the 12 four-year public colleges and universities is \$804.6 million. This represents a decrease of \$96.8 million under the fiscal 2008 level. This decrease is partially offset by a recommended appropriation of \$38.5 million to support salary increases at the colleges and universities.

The fiscal 2009 total recommended funding for the Commission on Higher Education is \$7.5 million, which is a decrease of \$78,000 under the fiscal 2008 funding level.

The Educational Opportunity Fund (EOF) is New Jersey's oldest and one of the nation's most comprehensive state-supported efforts to provide access to higher education for students who are educationally and economically disadvantaged. To ensure that those students most in need have an opportunity to attend college, the Fund provides supplemental financial aid to help cover college costs (e.g., books, fees, room and board) that are not covered by the Tuition Aid Grants program. The Fund also supports a wide array of campus-based outreach and support services at 28 of the public and 13 of the independent institutions to ensure viable opportunities for students to succeed and graduate. During academic year 2006-2007, nearly 13,700 educationally and economically disadvantaged students received EOF grant assistance. The State will continue the fiscal 2008 level of funding for EOF grants in fiscal 2009 with a recommendation of \$40.6 million.

Funding of \$1.5 million to support the operating costs of HESAA is recommended for fiscal 2009.

New Jersey's Tuition Aid Grants (TAG) program is one of the nation's largest financial aid programs, and New Jersey ranks among the top states in providing need-based aid. Depending on need, a TAG award can cover a significant portion of the tuition cost. Awards may be used at New Jersey postsecondary institutions, including community colleges, State colleges and universities, independent colleges and universities, and degree-granting proprietary institutions. Total recommended funding for the TAG program in fiscal 2009 is \$247.5 million, providing a projected 51,929 grants. This is a \$14.9 million increase over the fiscal 2008 level.

Funding for the Part-Time TAG initiative is increased by \$476,000 in fiscal 2009 to \$6 million and will provide financial assistance to over 11,700 part-time students.

The Outstanding Scholars Recruitment Program provides Statematching funds to participating public and private institutions for campus-based scholarships based on a combination of class rank and SAT scores. The fiscal 2009 funding will continue to support those individuals already in the program.

State scholarship awards under the Coordinated Garden State Scholarship Initiative, which includes the Edward J. Bloustein Distinguished Scholars and Urban Scholars programs, provides renewable scholarships of up to \$1,000 for 7,760 students for four years, including 2,180 students from the lowest socio-economic school districts.

The New Jersey Better Educational Savings Trust (NJBEST) program continues to offer an attractive option for parents to save for their children's college education. Earnings are federal income tax-free if used for qualified higher education expenses. NJBEST also provides three other State-based incentives, including interest earnings free from New Jersey's Gross Income Tax, \$25,000 in savings excluded from consideration of eligibility for State need-based aid, and up to a \$1,500 scholarship to individuals who save through the program for at least four years and then enroll in a New Jersey college or university. The number of participants now exceeds 223,000, with over \$2.43 billion invested through this program.

The New Jersey Student Tuition Assistance Reward Scholarship (NJSTARS I), which was established in fiscal 2005, provides tuition and fees to eligible New Jersey high school students who graduate in the top 20% of their high school class and attend a New Jersey community college. Almost 2,600 students received more than \$6.7 million in NJSTARS I funds during fiscal 2007. The NJSTARS II initiative, which was established in fiscal 2007, provides NJSTARS I students, who have earned an associate degree while maintaining at least a 3.0 grade point average, with an annual scholarship that covers the cost of both tuition and fees at any four-year New Jersey public college or university. In fiscal 2007, 272 students received \$850,000 in NJSTARS II funds. Fiscal 2009 funding for both NJSTARS initiatives totals \$14.7 million and will provide an estimated 4,106 students with scholarships.

The Social Services Student Loan Redemption Program, which is funded at \$3.5 million, provides student loan forgiveness for eligible program participants who are hired as full-time direct care professionals at public or non-profit social service agencies. Redemption of loans under this program may not exceed \$5,000 annually (or \$20,000 in total), of the principal and interest of eligible student loans in return for satisfactory completion of a full year of approved employment.

The State Library of New Jersey

The State Library, associated with Thomas A. Edison State College, collects and maintains library resources, providing information to State government and the general public. Additionally, the Library provides consulting and technical assistance to institutional, public, school, and special libraries. This Budget recommends Direct State Services funding of \$6.7 million, including \$2 million in support for the Library's Knowledge Initiative to provide statewide access to electronic research databases, and State Aid funding of \$17.7 million to assist county and municipal libraries.

30. EDUCATIONAL, CULTURAL, AND INTELLECTUAL DEVELOPMENT 36. HIGHER EDUCATIONAL SERVICES

OBJECTIVES

- 1. To coordinate the implementation of New Jersey's long-range plan for higher education, A Blueprint for Excellence, which focuses on improving access and outcomes for students from preschool to graduate school, and on enhancing the economy through research and workforce development.
- 2. To serve as a catalyst for higher education discussions and policy development.
- 3. To build coalitions and promote collaboration to achieve state goals.
- 4. To raise the visibility of New Jersey higher education and its value to the State and its people.

PROGRAM CLASSIFICATIONS

80. Statewide Planning and Coordination for Higher Education. The Higher Education Restructuring Act of 1994 established the New Jersey Commission on Higher Education to provide coordination, planning, policy development, and advocacy for the State's higher education system with advice from the New Jersey Presidents' Council. The Commission consists of six public members appointed by the Governor, one member appointed by the Governor upon recommendation of the Senate President, one member appointed by the Governor upon recommendation of the Speaker of the Assembly, two student members appointed by the Governor, one faculty member from an institution of higher education appointed by the Governor, the Chair of the Presidents' Council, the Chair of the Higher Education Student Assistance Authority, and its executive director (non-voting). It is established in, but not of, the Department of State and authorizes degree-granting institutions of higher education to operate in New Jersey. The Commission conducts research and coordinates statewide accountability efforts to provide data and information on higher education performance. It implements programs and initiatives to enhance the capacity and competitiveness of New Jersey institutions, increases access to higher education for historically underserved groups, fosters diversity among college and university faculty, and improves linkages between elementary, secondary, and higher education as well as among two-year and four-year colleges and universities.

Beginning in fiscal 2006, the Commission assumed responsibility for administering the Governor's School

Program, a summer residential program at college campuses throughout the state, offering intensive experiences for artistically and academically talented high school students.

The Commission also administers the federal GEAR UP (Gaining Early Awareness and Readiness for Undergraduate Programs) grant that augments the State's College Bound Program.

81. New Jersey Educational Opportunity Fund. Created by law in 1968 (N.J.S.A.18A:71-28 et seq.), the Educational Opportunity Fund (EOF) supports educationally and economically disadvantaged students for undergraduate, graduate, and professional study at public and independent institutions of higher education in New Jersey. The Fund is governed by a Board of Directors consisting of eight public members appointed by the Governor, the Chair of the Commission on Higher Education, the Chair of the Higher Education Student Assistance Authority, and its executive director (non-voting). "Opportunity Grants" are awarded to students during the academic year to assist students in meeting college expenses such as fees, books, room, board, and transportation that are not covered by the State's Tuition Aid Grants program. Summer program grants assist primarily incoming students who are making the transition to college. Through "Supplementary Education Program Grants," EOF enables colleges and universities to provide a wide array of campus outreach and support services beyond those customarily offered. These critical support services, which promote a smooth transition to college-level work and help ensure that students persist and complete their degrees, include tutoring, counseling, supplemental instruction, and leadership development. The Martin Luther King Physician-Dentist Scholarship Program (N.J.S.A.18A:72J-1 et seq.) provides grants up to the cost of tuition to New Jersey resident medical and dental students from disadvantaged or minority backgrounds. Grants are limited to students attending the University of Medicine and Dentistry of New Jersey. The C. Clyde Ferguson Law Scholarship Program (N.J.S.A.18A:71-40.1 et seq.) provides grants up to the cost of tuition to New Jersey resident law students from disadvantaged or minority backgrounds. Grants are limited to students attending Rutgers School of Law-Camden, Rutgers School of Law-Newark, and Seton Hall University School of Law.

30. EDUCATIONAL, CULTURAL, AND INTELLECTUAL DEVELOPMENT 36. HIGHER EDUCATIONAL SERVICES 2405. HIGHER EDUCATION STUDENT ASSISTANCE AUTHORITY

OBJECTIVES

- 1. Assist in ensuring that access to an affordable college education is maintained for all eligible New Jersey students.
- 2. Provide efficient delivery of Tuition Aid Grants, scholarships and other student financial aid to qualifying New Jersey students.
- 3. Guarantee federal student loans for New Jersey students attending both in-state and out-of-state institutions as well as for non-resident students attending school in New Jersey.
- Provide supplementary student loan assistance to New Jersey resident students and their families as well as to non-resident students attending New Jersey institutions through the New Jersey College Loans to Assist State Students (NJCLASS) program.
- 5. Provide policy leadership in the area of student financial aid.
- 6. Act as an information clearinghouse for state and federal program and regulatory issues.
- 7. Maintain federal and state program fiscal records.

PROGRAM CLASSIFICATIONS

45. Student Assistance Programs. The Higher Education Student Assistance Authority (HESAA) was created in, but not of, the Department of State by P.L.1999, c.46, effective April 26, 1999. HESAA is charged with the development of student assistance policy as well as administering the delivery of the State's Tuition Aid Grants (TAG) and scholarship programs, the award and payment systems for the Educational Opportunity Fund (EOF) academic year student grants (the largest component of the EOF program), issuance and servicing of New Jersey College Loans to Assist State Students (NJCLASS), administration of the State's college savings plan (NJBEST), and guaranteeing federal student loans under the Federal Family Education Loan Program (FFELP).

Student Assistance Programs include all student financial assistance programs for eligible residents of the State that are administered under the Executive Director, Higher Education Student Assistance Authority, and associated administrative costs. Administrative funds cover all program operations, including computing, printing, mailing, research, and personnel costs.

Tuition Aid Grants (TAG) are awarded under the New Jersey Higher Education Tuition Aid Act, N.J.S.18A:71-41 et seq., to all eligible New Jersey residents attending New Jersey postsecondary institutions, including community colleges, State colleges and universities, independent colleges and universities, and degree-granting proprietary institutions. Award amounts vary depending on the institution attended, and award sizes decrease as a family's ability to pay increases. Ability to pay is determined by a national need analysis system adjusted to meet New Jersey needs, and is maintained and administered based on responses to the Free Application for Federal Student Aid (FAFSA). The TAG program is the broad-based State student assistance program, which coordinates with federal need-based student aid programs. As such, a TAG grant may be awarded in conjunction with a federal award, an EOF grant, and/or a State scholarship award.

A pilot Part-Time TAG program for county college students was established in fiscal 2004 for eligible, qualified part-time students enrolled at county colleges. Part-time grant awards are pro-rated against the full-time grant awards as follows: an eligible student enrolled with six to eight credits receives one-half of the value of a full-time award and an eligible student with nine to eleven credits receives three-quarters of a full-time award, subject to available appropriations.

The Survivor Tuition Benefits Program, N.J.S.18A:71-77 et seq., pays college tuition for the surviving spouse or child of a fire fighter, police officer, first aid rescue squad member, or other law enforcement, civil defense or disaster control worker killed in the line of duty. Benefits received under this program are equal to the cost of tuition at public institutions, or equal to the highest level of tuition charged at public institutions for recipients attending eligible independent institutions.

State scholarships are awarded under the Garden State Scholarship Act of 1977, N.J.S.18A:71-26.1 et seq., to academically meritorious students at participating New Jersey institutions of higher education. Awards under the Coordinated Garden State Scholarship Programs, which include the Edward J. Bloustein Distinguished Scholars and Urban Scholars programs, range up to \$1,000 per year. No awards are available for use outside of New Jersey. Awards are renewable annually up to four years based on continued good academic standing.

Part-Time TAG awards are available to students with special needs through the Part-Time TAG for EOF Students program. In fiscal 1999, this program was expanded to include all county colleges that currently participate in the EOF program and one additional four-year institution.

Established in fiscal 2004, the Teaching Fellows Program provides direct loans to finance the undergraduate study of academically talented students who have leadership potential and who are interested in teaching in public schools in the state. The program also provides for the redemption of a portion of each eligible student's loan expenses for each year of full-time employment as a teacher in a subject area of critical need or in a high-needs district.

The OB/GYN Loan Redemption Program provides funds to redeem student loans of OB/GYN providers for medical service in medically underserved areas.

The Outstanding Scholars Recruitment Program (OSRP) provides State matching funds to participating public and private institutions for campus-based scholarships to recruit high achieving New Jersey students. This merit-based award provides an annual scholarship between \$2,500 and \$7,500 based on a combination of class rank and SAT scores.

The New Jersey World Trade Center Scholarship Program was signed into law on January 11, 2002. Scholarships for the costs of undergraduate education may be awarded to dependent children or spouses of New Jersey residents who were killed or are presumed dead as a result of the September 11 terrorist attacks. Scholarship assistance is available for full-time study in degree-granting programs in or out of state.

The Dana Christmas Scholarship for Heroism program awards up to 5 scholarships a year to New Jersey residents who have performed acts of heroism prior to age 22. Awardees must be nominated by a member of the public. Nominations are reviewed by a selection committee and forwarded to the HESAA Board each fall for approval. Initiated in fiscal 2005, the New Jersey Student Tuition Assistance Reward Scholarship I (NJSTARS I) program guarantees that eligible New Jersey high school students, who graduate in the top 20% of their high school class and want to attend a New Jersey community college, will have tuition and fees covered for two years. Building on the success of the NJSTARS I program, NJSTARS II (P.L.2005, c.359) was initiated during fiscal 2007 to provide NJSTARS I students, who have earned an associate degree while maintaining at least a 3.0 grade point average, with an annual scholarship that covers the cost of both tuition and fees at any four-year New Jersey public college or university.

Established during fiscal 2006 with initial funding of \$3.5 million, the Social Services Student Loan Redemption Program is level funded for fiscal 2009. This program provides forgiveness of up to \$20,000 in student loans, over four years, to graduates who take qualifying jobs with New Jersey mental health agencies.

The Fallen Law Enforcement Officer Memorial Scholarship Program, which was signed into law on March 27, 2001, awards scholarships to the children of New Jersey law officers who were killed in the line of duty. These scholarships are for undergraduate study leading to a baccalaureate degree or associate degree at any public or private institution of higher education in New Jersey and supplement Survivor Tuition Benefits for funding awards up to the cost of education. Funding of the program is from the sale of special law enforcement officer memorial license plates for motor vehicles owned or leased in the State of New Jersey. The Motor Vehicle Commission is responsible for the sale of the license plates. HESAA is responsible for the administrative duties of the program.

In fiscal 1998, New Jersey developed a college savings program, the New Jersey Better Educational Savings Trust (NJBEST), to help families finance the cost of higher education. Interest earned on NJBEST college savings is New Jersey and federally tax exempt. In addition, a student who saves the minimum required amounts through NJBEST and attends college in New Jersey is awarded up to a \$1,500 scholarship.

The Leveraging Educational Assistance Partnership (LEAP) program (formerly the State Student Incentives Grants, or SSIG, program) provides federal matching funds to supplement the Tuition Aid Grant program. This program is funded nationally at \$65 million in the fiscal 2008 federal appropriations statute, which should result in an allocation to New Jersey of \$1.8 million for State fiscal year 2009.

Under the Federal Family Education Loan Program, HESAA is also responsible for an array of loan-related services on behalf of the federal government, including providing public information regarding the loan programs, loan default prevention, primary insurance on student loan defaults for the lending community, location and pursuit of defaulters, and collection and remission of defaulted loan repayment amounts from borrowers to the federal government. HESAA administers State loan programs and federally regulated programs providing for the guarantee or insuring of loans made by banks, savings and loan associations, credit unions, or other qualified lenders to qualified persons to assist them in meeting the cost of postsecondary education. Loan amounts available for eligible students vary depending upon financial need, grade level, program length, and aggregate borrowing limits. Federal interest subsidies are available to certain eligible students. Parent borrowers with no adverse credit history may borrow up to the cost of education minus aid,

with no limit to the aggregate amount borrowed. In addition, HESAA also offers consolidated loans, which combine the outstanding loan payments from certain previously disbursed federal guaranteed loans. A legislatively-mandated reserve requirement, N.J.S.18A:72-17, necessitates that the reserve fund shall not be less than either the amount required to acquire defaulted loans during the current fiscal year or the encumbered reserves required on all outstanding loans that were approved prior to the effective date of the act, whichever is greater. Federal mandates also require that guarantee agencies maintain minimum reserve levels as part of the agency's guaranty agreement. Additionally, federal regulations restrict the use of any reserve funds to purposes directly associated with the administration of the federal student loan programs as defined within those regulations.

The New Jersey College Loans to Assist State Students (NJCLASS) loan program, N.J.S.18A:72-34 et seq., supplements aid available for New Jersey undergraduate and graduate students and out-of-state students attending a New

Jersey institution. Under the NJCLASS loan program, HESAA makes student loans to eligible borrowers from the proceeds of tax-exempt bonds issued by HESAA. HESAA reviews all applications to determine the applicants' ability to repay loans and services loans after disbursement. The interest rate paid by borrowers is set with each bond issue in relation to bond market conditions. There is no restriction on family income. The amount borrowed may not exceed a student's estimated cost of attendance minus all other financial assistance received by the student for the academic period for which the loan is intended.

The National Health Primary Care Physician/Dentist Loan Redemption Program provides federal funding to match State funding for redemption of student loans of physicians and dentists providing supervised care in underserved areas of the state. However, New Jersey's grant funding from this program has been eliminated for the current award cycle from fiscal years 2008 through 2010, due to a reallocation of funding to states with higher needs.

Notes:

Actual payroll counts are reported for fiscal years 2006 and 2007 as of December and Revised fiscal year 2008 as of January. The Budget Estimate for fiscal year 2009 reflects the number of positions funded.

(a) Prior-period carryforward used to pay expenditures exceeding State appropriation during fiscal years 2006, 2007, and 2008.

(b) Student Assistance Programs expenditure and award recipients data for fiscal years 2006 and 2007 represent actual counts as of September 2007. Further payments and adjustments are anticipated as institutional payments and reconciliation reports are received.

(c) Private donations as well as State appropriations contribute to the scholarship fund.

- (d) Includes funds received under the federal Leveraging Educational Assistance Partnership (LEAP) program, formerly known as State Student Incentives Grants (SSIG).
- (e) Funding for fiscal years 2007 and 2008 derived from revenues accrued in the Medical Malpractice Liability Insurance Premium Assistance Fund in accordance with P.L.2004, c.17.
- (f) Totals include all programs, with the exception of Veterinary Medical Education Program, Teaching Fellows Program, Law Enforcement Officer Memorial Scholarship, NJBEST Program, Guaranteed Student Loan Program, Parent Loans for Undergraduate Students, Consolidated Loans, and New Jersey College Loans to Assist State Students (NJCLASS); students may be counted more than once if they are receiving aid from more than one program. Part-Time Tuition Aid Grants for Educational Opportunity Fund Students program data is included in Full-Time Tuition Aid Grants program data.

Language Recommendations -- Direct State Services - General Fund

At any time prior to the issuance and sale of bonds or other obligations by the Higher Education Student Assistance Authority, the State Treasurer is authorized to transfer from any available monies in any fund of the Treasury of the State to the credit of any fund of the authority such sums as the State Treasurer deems necessary. Any sums so transferred shall be returned to the same fund of the Treasury of the State by the State Treasurer from the proceeds of the sale of the first issue of authority bonds or other authority obligations.

Language Recommendations -- Grants-In-Aid - General Fund

- The sums provided hereinabove and the unexpended balances at the end of the preceding fiscal year in Student Assistance Programs shall be appropriated and available for payment of liabilities applicable to prior fiscal years.
- Notwithstanding the provisions of N.J.S.18A:71B-47 through N.J.S.18A:71B-49, or any other law or regulation to the contrary, the amounts hereinabove appropriated to the Higher Education Student Assistance Authority are subject to the following condition: commencing on or after July 1, 2007, any newly-admitted student attending a school of veterinary medicine in a reserved space for New Jersey residents through contractual agreements between the Higher Education Student Assistance Authority and participating out-of-state schools of veterinary medicine shall be required, through a contract with the Higher Education Student Assistance Authority, upon graduation to practice veterinary medicine in New Jersey for a period of one year for each year of contract funding provided on their behalf. Such service requirement must commence within one year of completion of the recipient's veterinary education, including American Veterinary Medical Association-approved internships or residencies. If such service requirement is not met, in part or in full, after documented best efforts to find a position, said recipient must refund to the Higher Education Student Assistance Authority that portion of the amounts expended for the recipient's contract seat that is not offset by practicing in New Jersey.
- Amounts from the unexpended balance at the end of the preceding fiscal year, including refunds recognized after July 31, 2008, in the Tuition Aid Grants account are appropriated, subject to the approval of the Director of the Division of Budget and Accounting.
- Notwithstanding the provisions of any law or regulation to the contrary, the appropriation hereinabove for Tuition Aid Grants is subject to the following condition: the Higher Education Student Assistance Authority shall provide to students enrolled in public institutions of higher education who are eligible for maximum awards under the Tuition Aid Grants program an increase above the fiscal year 2008 award amount equal to the difference between the in-State undergraduate 2007-2008 tuition rate for the institution and the institution's in-State undergraduate 2006-2007 tuition rate with comparable increases provided to those individuals eligible for maximum awards at independent institutions who were enrolled during academic year 2007-2008. All other award amounts provided under the Tuition Aid Grants program shall be based on in-State undergraduate tuitions in effect at institutions in academic year 2005-2006 with comparable increases provided to those individuals attending independent institutions who were enrolled during academic year, any newly-admitted individual attending an independent institution of higher education in New Jersey who is eligible for a Tuition Aid Grant shall receive an award not to exceed the corresponding amount available for an individual attending Rutgers, The State University. Reappropriated balances in the Tuition Aid Grants account shall be held as a contingency for unanticipated increases in the number of applicants qualifying for full-time Tuition Aid Grants awards, to fund shifts in the distribution of awards that result in an increase in total program costs, or to offset any shortfalls in the federal Leveraging Educational Assistance Partnership (LEAP) program.
- In addition to the amount hereinabove appropriated for Tuition Aid Grants, there are appropriated such sums as are required to cover the costs of increases in the number of applicants qualifying for full-time Tuition Aid Grants awards, to fund shifts in the distribution of awards that result in an increase in total program costs, or to offset any shortfalls in the federal Leveraging Educational Assistance Partnership (LEAP) program, subject to the approval of the Director of the Division of Budget and Accounting.
- The amount hereinabove appropriated for Part-Time Tuition Aid Grants for County Colleges shall be used to provide funds for a pilot program of tuition aid grants for eligible, qualified part-time students enrolled at the county colleges established pursuant to

N.J.S.18A:64A-1 et seq. The tuition aid grants shall be used to pay the tuition at a county college established pursuant to N.J.S.18A:64A-1 et seq. Within the limits of available appropriations as determined by the Higher Education Student Assistance Authority, part-time grant awards shall be pro-rated against the full-time grant award for the applicable institutional sector established pursuant to N.J.S.18A:71B-21 as follows: an eligible student enrolled with six to eight credits shall receive one-half of the value of a full-time award and an eligible student enrolled with nine to eleven credits shall receive three-quarters of a full-time award. Students shall apply first for all other forms of federal student assistance grants and scholarships; student eligibility for the Tuition Aid Grant awards program for part-time enrollment at a community college shall in other respects be determined by the authority in accordance with the criteria established pursuant to N.J.S.18A:71B-20, other than the criterion for full-time enrollment.

- Amounts from the unexpended balance at the end of the preceding fiscal year, including refunds recognized after July 31, 2008, in the Part-Time Tuition Aid Grants for County Colleges account are appropriated, subject to the approval of the Director of the Division of Budget and Accounting. Reappropriated balances shall be held as a contingency for unanticipated increases in the number of applicants qualifying for Part-Time Tuition Aid Grants for County Colleges awards or to fund shifts in the distribution of awards that result in an increase in total program costs.
- From the amount hereinabove appropriated for the Teaching Fellows Program the authority shall establish a Teaching Fellows Program that shall provide direct loans to finance the undergraduate study of academically talented students who have leadership potential and who are interested in teaching in a public school in the state. The program shall also provide for the redemption of a portion of each eligible student's loan expenses for each year of full-time employment as a teacher in a subject area of critical need or in a high-needs district.
- Notwithstanding the provisions of any law or regulation to the contrary, any institution of higher education which participates in the Student Unit Record Enrollment data system may participate in the Outstanding Scholars Recruitment Program.
- Receipts derived from voluntary contributions by taxpayers on New Jersey State gross income tax returns for the New Jersey World Trade Center Scholarship Fund are appropriated for the purpose of providing scholarships for eligible dependent children and surviving spouses of New Jersey residents who were killed in the terrorist attacks against the United States on September 11, 2001, subject to the approval of the Director of the Division of Budget and Accounting.
- The amount hereinabove appropriated for the Dana Christmas Scholarship for Heroism shall be awarded in accordance with policies and procedures established by the Higher Education Student Assistance Authority. In general, recipients must have performed the act of heroism for which they are being recognized prior to reaching their twenty-second birthday, awards are for a one-time only scholarship of up to \$10,000, and awards must be used for educational expenses related to attendance at a post-secondary institution that participates in the federal student assistance programs authorized under Title IV of the "Higher Education Act of 1965," as amended (20 U.S.C. s.1070 et seq.).
- Notwithstanding the provisions of any law or regulation to the contrary, the appropriation hereinabove for New Jersey Student Tuition Assistance Reward Scholarship (NJSTARS I & II) is subject to the following condition: effective for the 2008-2009 academic year, any first-time NJSTARS I student attending a New Jersey county college whose annual family income, both taxable and non-taxable, as derived from the Free Application for Federal Student Aid (FAFSA) for academic year 2008-2009 and verified by the county college attended, is \$100,000 or above, shall be ineligible to receive a financial award under the program.
- In addition to the amount hereinabove appropriated for the Social Services Student Loan Redemption Program, there are appropriated such sums as are required to cover the costs of increases in the number of applicants qualifying for this program, subject to the approval of the Director of the Division of Budget and Accounting.

30. EDUCATIONAL, CULTURAL, AND INTELLECTUAL DEVELOPMENT 36. HIGHER EDUCATIONAL SERVICES 2409. STATE COLLEGES AND UNIVERSITIES

The State provides higher education through 12 senior public institutions of higher education: three research universities; seven comprehensive colleges and universities; and two baccalaureate colleges. Each of these institutions maintains its own operational autonomy under a separate governing board, but under the statutory oversight and policy framework established by the State. The senior public institutions retain all tuition, fees, grants, and any other revenues earned by the institution.

OBJECTIVES

- 1. To provide quality, affordable baccalaureate programs in the humanities, arts, sciences, and career fields to full-time and part-time undergraduates, enabling graduates to enter productive careers and advanced study in graduate and professional schools.
- 2. To provide quality post-baccalaureate education in the humanities, arts, sciences, and professions.
- 3. To stimulate the continuous development of knowledge in the humanities, arts, sciences, and professional fields by

The operational totals reflect the institutions' overall budgets, including auxiliary operations as well as tuition, fees, federal funds, and other revenues, while the Total State Appropriation reflects the net State support provided to the institutions, excluding State-funded fringe benefits, auxiliary operations, and all revenues.

professional teacher-scholars as a complement to rigorous classroom inquiry by students and faculty.

- 4. To make available to the community the professional competence and expertise of faculty and students, and other institutional resources, such as concerts, performances, lectures, and facilities.
- 5. To meet the needs of faculty and students for current, accessible information.
- 6. To ensure the personal, social, and intellectual growth of each individual student.

7. To ensure that each campus and its facilities are safe, secure, and well-maintained.

PROGRAM CLASSIFICATIONS

82. General Institutional Operations. Encompasses all operations of the senior public colleges and universities, including instruction, research, extension and public service, auxiliary services, academic support, student services, institutional support, and operations and maintenance of physical plant.

Instruction includes all support for academic departments and the operation of related facilities, such as laboratories, so that knowledge can be developed and disseminated through independent research and classroom interaction.

Faculty and students engage in basic and applied research at the behest of various sponsors, including the federal, State, and local governments, foundations, corporations, and trade associations. Much of this research is aimed, directly or indirectly, at increasing the sponsor's effectiveness or stimulating economic growth.

Extension and public service includes not-for-credit programs offered both on- and off-campus for working professionals and non-matriculating students to develop, maintain, and improve professional competence in a wide variety of fields. Other outreach programs make the institutions' resources available to their communities, the region, and the state.

Students, faculty, and staff are provided with auxiliary services, such as housing, dining facilities, book stores, and recreational centers for fees that are directly related to, although not necessarily equal to, the cost of the service. Any surplus revenues are held in reserve for major renovations and replacements, or to balance funds in an emergency.

Academic support provides the books, periodicals, documents, audio-visual materials, and other information that may be required by students and faculty in connection with their learning, teaching, and research. Staff provide bibliographic and other technical assistance to students and faculty to meet their needs in planning and developing academic programs and in carrying out independent research.

Student services include financial assistance, health services, placement, and counseling. This category also encompasses admissions, registration, and student records.

Institutional support comprises all administrative activities of the institution. Under the direction of an institution's governing board and president, executive leadership and management are provided to meet the institution's educational, research, public service, and administrative objectives. General support services include computer services, personnel management, and financial management for all educational, service, and administrative units within the institution.

Physical plant and support services staff are responsible for the overall security of the institution and for the planning, management, and operation of its physical assets, including utilities, buildings, grounds, and equipment.

General Services Income is derived from tuition and fees collected from both undergraduate and graduate students.

Auxiliary Funds Income is derived from fees charged for services such as housing, dining, and recreational facilities.

Special Funds Income is composed of ancillary activities of an institution. These may include, but are not limited to, continuing education, research grants, fellowships, and scholarships.

Employee Fringe Benefits are provided to the institutions by the State for all employees. The institutions are then responsible for reimbursing the State for those employees beyond the number of State-funded employees as shown in the Evaluation Data. The amount displayed in the Appropriations Data represents the total fringe benefits allocation for the institutions' State-funded employees.

30. EDUCATIONAL, CULTURAL, AND INTELLECTUAL DEVELOPMENT 36. HIGHER EDUCATIONAL SERVICES 2410. RUTGERS, THE STATE UNIVERSITY

Founded in 1766 as one of the colonial colleges, Rutgers became The State University in 1956 (N.J.S. 18A:65-1 et seq. as amended) with a reorganized Board of Trustees and a newly created Board of Governors. The membership of the Board of Governors consists of the President of the Corporation, serving as an ex-officio non-voting member, and 11 voting members, six of whom are appointed by the Governor of the State with the advice and consent of the Senate and five of whom are appointed by the Board of Trustees from among its members. All voting members serve for terms of six years. The Board of Governors has general supervision over the University's operations. The Board of Trustees acts in an overall advisory capacity and controls certain properties, funds and trusts. The State is responsible for the establishment of general policy and for the coordination and general oversight of Rutgers as a part of the State's system of higher education.

The University provides instruction in over 100 major fields of study to approximately 110,000 full- and part-time students enrolled annually in instructional programs in its graduate and undergraduate colleges, schools, summer session, and continuing education programs, which offer courses on- and off-campus, short courses, conferences, and institutes dealing with a wide range of subjects.

Research, the second major area of University responsibility, has earned the support of commerce, industry, the State and federal governments, and philanthropic organizations, as well as financing from the University's funds.

Extension work, designed to take the University's teaching function directly to the people of the state, is the institution's third major responsibility. Such services range from the work of the county agricultural, home economics and 4-H Club agents to non-credit courses, including post-graduate work in technical and professional fields.

30. EDUCATIONAL, CULTURAL, AND INTELLECTUAL DEVELOPMENT 36. HIGHER EDUCATIONAL SERVICES 2415. AGRICULTURAL EXPERIMENT STATION

The New Jersey State Agricultural Experiment Station (RS 4:16-1) located at Rutgers, The State University, is the research and extension arm of the State of New Jersey for the study of the food, agricultural, marine, and environmental sciences and their application to the improvement of the human condition. The research mission is the discovery, application and dissemination of knowledge to promote the orderly development and management of human and natural resources. The mission of Rutgers Cooperative Extension is to plan, implement and evaluate learning experiences consistent with locally identified needs and within the expertise and goals of the organization, that will help individuals and families acquire the understanding, capabilities, attitudes, and

skills for solving problems. The research program is supported by federal formula funds, by State appropriations, and by grants and gifts from private and public sponsors. Rutgers Cooperative Extension program support is derived from federal formula and grant funds, and State and county appropriations.

The Agricultural Experiment Station utilizes facilities at the New Brunswick campus, at outlying centers at Adelphia, Bivalve, Branchville, Bridgeton, Chatsworth, Cream Ridge, Florence Township, Pittstown, and Upper Deerfield, and at extension offices in all of New Jersey's counties.

30. EDUCATIONAL, CULTURAL, AND INTELLECTUAL DEVELOPMENT 36. HIGHER EDUCATIONAL SERVICES 2420. UNIVERSITY OF MEDICINE AND DENTISTRY OF NEW JERSEY

The University of Medicine and Dentistry of New Jersey (N.J.S. 18A:64C-1 et seq.) is governed by a Board of Trustees appointed by the Governor with Senate confirmation and administered by a President as Chief Executive Officer.

The University of Medicine and Dentistry of New Jersey is the State's university of the health sciences, with programs at five academic health center campuses and more than 200 educational and health care affiliates throughout the state. The University operates the State's three medical schools (two allopathic and one osteopathic), a dental school, and schools of biomedical sciences, health-related professions, nursing and public health. Its programs are centered in campuses in Camden, New Brunswick/Piscataway, Newark, Scotch Plains, and Stratford, and in communities

throughout the state. The University also operates University Hospital in Newark and two community mental health (behavioral) health care centers in Newark and Piscataway, which serve as both health care and teaching facilities.

The University is dedicated to the pursuit of excellence in: the undergraduate, graduate, postgraduate, and continuing education of health professionals and scientists; the conduct of biomedical, psychosocial, clinical, and public health research; health promotion, disease prevention and the delivery of health care; and service to its communities and the entire state. Through its programs and affiliations, the University seeks to meet the needs of its diverse communities and improve the health and quality of life of the citizens of New Jersey and society at large.

- The unexpended balances at the end of the preceding fiscal year in the accounts hereinabove are appropriated for the purposes of the University of Medicine and Dentistry of New Jersey.

30. EDUCATIONAL, CULTURAL, AND INTELLECTUAL DEVELOPMENT 36. HIGHER EDUCATIONAL SERVICES 2430. NEW JERSEY INSTITUTE OF TECHNOLOGY

Founded in 1881, New Jersey Institute of Technology (NJIT) has had a long history of offering professional education. Its engineering school was founded in 1919, and until 1975 the institution was known as Newark College of Engineering. The "New Jersey Institute of Technology Act of 1995" (N.J.S.A. 18A:64E) provides the statutory basis for NJIT as a public research university deemed essential and necessary to the welfare of the state and people of New Jersey.

NJIT is the State's Science and Technology University as demonstrated by the breadth of its programs and degrees. Fields of specialization include engineering, engineering technology, the sciences, architecture, mathematics, policy studies, management, statistics, actuarial science, computer and information science, and a number of programs in liberal arts. Bachelors, masters and doctoral degrees, continuing professional education, and a substantial research effort all relate to fields of critical importance to the state's economy. Programs are offered at the main campus in Newark, at other sites throughout the state, and through distance education. Several degrees are offered jointly with Rutgers University and/or the University of Medicine and Dentistry of New Jersey.

The main campus comprises 45 acres containing 29 buildings with some 2.7 million square feet. The campus includes classroom and laboratory buildings, a library, five residence halls, a gymnasium, a synthetic turf soccer field, specialized research facilities, a 1,700-space parking deck, and administrative buildings.

30. EDUCATIONAL, CULTURAL, AND INTELLECTUAL DEVELOPMENT 36. HIGHER EDUCATIONAL SERVICES 2440. THOMAS A. EDISON STATE COLLEGE

The College was founded on July 1, 1972 and was officially established as the ninth State College under the terms of the State College Law (N.J.S.A. 18A:62-1 et seq.) on May 18, 1973. The management of the College is vested in its Board of Trustees, appointed by the Governor, subject to the approval of the Senate.

The mission of Edison State College is to evaluate college-level learning, regardless of its source. To achieve this mission, the College has been authorized:

To award college credit through college proficiency examinations, the assessment of prior learning and/or the evaluation of transfer credits and special credentials, and to award associate, baccalaureate and masters degrees to individuals who have met the degree requirements as established by the Academic Council of the College.

To develop and administer the Thomas A. Edison State College examination and Portfolio Assessment Programs as basic means through which Edison students may satisfy degree requirements.

To encourage the availability of college-level learning opportunities through cooperation with all types of institutions that are now providing, or have the potential to provide, college-level learning experiences outside the traditional modes of higher education. In developing these cooperative arrangements, Edison State College will not provide instruction directly but will award credit for such educational experiences either through the evaluation of noncollegiate programs or the direct testing of student learning outcomes.

To develop linkages with or create educational delivery systems built around contemporary telecommunications technology, which will provide the distant learner with (1) information and guidance on educational opportunities, (2) modes of support for independent study and assessment, and (3) access to media-based instruction and testing.

The College maintains four facilities in Trenton, which are open to all residents who wish information and advice concerning educational opportunities available to them within the State system of higher education.

An affiliation between the State Library and Thomas A. Edison State College was created by P.L.2001, c.137, effective July 2, 2001. The New Jersey State Library has over 1.9 million holdings and the most extensive Jerseyana collection in the state. The State Library is charged by legislation with providing leadership and management of State and federal grants to over 300 public libraries throughout the state and ensures access to information for all residents of the state. The State Library has two sites: the main library next to the State House and the specially equipped Library for the Blind and Handicapped on Stuyvesant Avenue, which provides library services to over 15,000 visually or physically impaired citizens.

30. EDUCATIONAL, CULTURAL, AND INTELLECTUAL DEVELOPMENT 36. HIGHER EDUCATIONAL SERVICES 2445. ROWAN UNIVERSITY

Rowan University was founded in 1923, and on September 1, 1992, was renamed from Glassboro State College to Rowan College of New Jersey. The renaming was an expression of appreciation to Henry and Betty Rowan for an exceptional gift of \$100 million dollars. In 1997, the institution gained university status. The University offers 77 degree programs in six colleges: Business, Communication, Education, Engineering, Fine and Performing Arts, and Liberal Arts and Science. A doctoral program in Educational Leadership was approved in the spring of 1997 and admitted students later that year. The operation and management of the University is vested in the Board of Trustees (N.J.S. 18A:64-1 et seq.).

The University's main campus is located in Glassboro on 200 acres. A branch campus is located in Camden. In 2002, Rowan

University was selected by the State of New Jersey as the location of the South Jersey Technology Park; a facility for the Park is currently under construction. In 2001, the University embarked on a 10-year campus improvement and expansion plan that included the acquisition of more than 500 acres of land, the construction of new buildings for the sciences and education, and the renovation of many of the existing buildings.

The University's history includes the use of its then-president's home, Hollybush, as the site of the Johnson-Kosygin summit conference in 1967, an event that is often cited as essential to the easing of the tensions between the U.S. and the U.S.S.R. that had brought the two nuclear powers to the brink of war just a few years earlier.

30. EDUCATIONAL, CULTURAL, AND INTELLECTUAL DEVELOPMENT 36. HIGHER EDUCATIONAL SERVICES 2450. NEW JERSEY CITY UNIVERSITY

New Jersey City University, formerly Jersey City State College, is located in Hudson County. Dedicated to programs designed to meet the complex economic, social, and educational problems of the urban metropolitan area, the University's campus includes 15 acres of athletic fields, three gymnasiums, a swimming pool, modern dance studios, three auditoriums, and 119 classrooms and laboratories.

Special features of the campus include Fries Hall, which houses a full color, broadcast-quality television studio, a radio and audio production studio, a computer graphics production studio, and an animation laboratory; the Thomas M. Gerrity Athletic Complex; the Congressman Frank J. Guarini Library; the A. Harry Moore Laboratory School for Special Education, which provides children with severe disabilities a comprehensive public education, supplemented by physical, occupational, recreational, and speech therapies; the John J. Moore Athletics and Fitness Center; the Peter D. Rodino Institute of Criminal Justice; the University Academy Charter High School; and the Margaret Williams Theater for the Performing Arts, which is located in Hepburn Hall.

The West Side Theatre, a 130-seat "black box" type performance space modeled after a typical Off-Broadway venue, opened in 2004; this theatre is the home of the Actors Shakespeare Company, a professional ensemble of actors dedicated to the study and production of Shakespeare and other classic works.

During the fall of 2006, the University opened the 77,000 square foot Arts and Science Tower. In addition to housing the School of Arts and Science's ten academic departments and the Office of the Dean of Arts and Science, this six-story facility features 14 general use classrooms, 10 computer labs, and undergraduate housing.

In the spring of 2008, the University expects to complete the renovation of the Michael B. Gilligan Student Union Building.

30. EDUCATIONAL, CULTURAL, AND INTELLECTUAL DEVELOPMENT 36. HIGHER EDUCATIONAL SERVICES 2455. KEAN UNIVERSITY

Kean University is a public, State-supported, four-year coeducational institution of higher education, located in Union Township, in the north central part of the state, minutes from the Garden State Parkway and close to public transportation. The University is situated on a 122-acre main campus and includes a six-acre woodlands preserve. In 1855, the University was founded by and built in the city of Newark. For more than a century, its accomplishments and reputation were primarily associated with contributions made in the area of teacher education. In 1913, it became a State institution. In 1958, the institution relocated to property that was part of the Kean estate, its current location. In 1997, the institution gained university status and changed its name from Kean College of New Jersey to Kean University. The main campus currently contains 36 structures, including modern classroom buildings, a science complex, a theater for the performing arts seating 1,000, a library, a child study institute, athletic and recreational facilities, student apartments, and a student center. The 29-acre east campus, which is a short distance from the main campus, includes athletic fields, recreation facilities, and certain student and academic support programs, while the Liberty Hall Museum complex, located directly across Morris Avenue, consists of six structures on 26 acres, and houses invaluable and irreplaceable historical documents and artifacts.

30. EDUCATIONAL, CULTURAL, AND INTELLECTUAL DEVELOPMENT 36. HIGHER EDUCATIONAL SERVICES 2460. WILLIAM PATERSON UNIVERSITY OF NEW JERSEY

The William Paterson University of New Jersey, founded in Paterson in 1855, was relocated in 1951 to the Boroughs of Wayne, Haledon, and North Haledon, Passaic County. The management of the University is vested in its Board of Trustees appointed by the Governor, subject to the approval of the Senate. The college offers 35 baccalaureate and 19 master's degree programs through five colleges: Arts and Communication, Christos M. Cotsakos College of Business, Education, Humanities and Social Sciences, and Science and Health. Located on three sites totalling 370 acres, the University has 39 major buildings that house television studios; modern science facilities and laboratories; computer graphics laboratories and art galleries; fine arts studios; a 900-seat theater; classrooms; an academic/administrative computer center; a gymnasium and athletic fields; a competition-size swimming pool; a library; an alumni house; an electronic financial trading room for academic instruction; and the Russ Berrie Institute for Professional Sales. Other facilities include a student center, multipurpose recreation center, newly renovated athletic fields with artificial turf surfaces, and campus residences for approximately 2,663 students.

30. EDUCATIONAL, CULTURAL, AND INTELLECTUAL DEVELOPMENT 36. HIGHER EDUCATIONAL SERVICES 2465. MONTCLAIR STATE UNIVERSITY

Montclair State University began in 1908 as a two-year Normal School. The management of the University is vested in its nine-member Board of Trustees appointed by the Governor, subject to the approval of the Senate. The University offers a broad spectrum of general liberal arts education and professional studies for more than 16,700 students for both full-time and part-time undergraduate, graduate, and doctorate programs. The main campus of Montclair State University has 246 acres divided between the town of Montclair in Essex County and the municipalities of Little Falls and Clifton in Passaic County. Presently over 60 buildings comprise the physical plant, including campus housing for more than 3,200 students, a student center, a new 500-seat theater for the performing arts, and a new Children's Center that opened in the fall of 2005. The Children's Center serves as a first-class site for the University's early childhood education program. The University opened a new 275,000 square-foot academic facility in 2006 that provides the latest

multi-media classroom technologies in sixty fully mediated and interconnected meeting and learning spaces. In 2008, the University will open a new 77,000 square-foot student recreation center.

The University also operates a 30-acre nature preserve at Lake Valhalla (Morris County) and, as part of the University's School of Conservation, a 240-acre environmental education center in Stokes State Forest (Sussex County).

30. EDUCATIONAL, CULTURAL, AND INTELLECTUAL DEVELOPMENT 36. HIGHER EDUCATIONAL SERVICES 2470. THE COLLEGE OF NEW JERSEY

The College of New Jersey (TCNJ) is a highly selective institution that has earned national recognition for its commitment to excellence. Founded in 1855, TCNJ has become an exemplar of the best in public higher education and is consistently acknowledged as one of the top comprehensive colleges in the nation. TCNJ currently is ranked as one of the 75 "Most Competitive" schools in the nation by Barron's Profiles of American Colleges and is rated the No. 1 public institution in the northern region of the country by U.S. News & World Report. TCNJ was also awarded, in 2006, a Phi Beta Kappa chapter -- an honor shared by less than 10% of colleges and universities nationally.

A strong liberal arts core forms the foundation for a wealth of degree programs offered through TCNJ's seven schools – Art, Media and Music; Business; Culture and Society; Education; Engineering; Nursing, Health and Exercise Science; and Science. The College is enriched by an honors program and extensive opportunities to study abroad, and its award-winning First-Year

Experience and freshman orientation programs have helped make its retention and graduation rates among the highest in the country.

Known for its natural beauty, the College's campus is set on 289 tree-lined acres in suburban Ewing Township. The College has 39 major buildings, including a state-of-the-art library; 14 residence halls that accommodate 3,600 students; an award-winning student center; more than 20 academic computer laboratories; a full range of laboratories for nursing, microscopy, science, and technology; a music building with a 300-seat concert hall; and a collegiate recreation and athletic facilities complex.

The College of New Jersey encourages students to expand their talents and skills through more than 150 organizations that are open to students. These groups include performing ensembles, professional and honor societies, student publications, Greek organizations, intramural and club sports, as well as numerous leadership opportunities including Student Finance Board, Student Government Association, and Residence Hall Government.

30. EDUCATIONAL, CULTURAL, AND INTELLECTUAL DEVELOPMENT 36. HIGHER EDUCATIONAL SERVICES 2475. RAMAPO COLLEGE OF NEW JERSEY

Ramapo College of New Jersey was chartered in 1969. Responsibility for the management of the College is vested in its nine-member Board of Trustees appointed by the Governor, subject to the approval of the New Jersey Senate.

Ramapo College is located in the foothills of the Ramapo Mountains in northwest Bergen County, close to the New York State border. The wooded, almost rural, setting is enhanced by the award-winning, barrier-free modern buildings, residence halls and student apartments. Facilities include modern academic buildings, a library, a science building, a student center, the Bill Bradley Sports and Recreation Center, the Angelica and Russ Berrie Center for Performing and Visual Arts, outdoor tennis courts, and a variety of playing fields. In addition, construction was recently completed on a new academic facility to house the Anisfield School of Business, and a groundbreaking ceremony for a Sustainable Education Center took place in fall 2007.

Of the sums hereinabove appropriated for Ramapo College of New Jersey, \$200,000 is appropriated for the Governor William T. Cahill Recognition Programs. This account shall be considered a special purpose appropriation for accounting and reporting purposes.

For the purpose of implementing the appropriations act for the current fiscal year, the number of State-funded positions at Ramapo College of New Jersey shall be 481.

EDUCATIONAL, CULTURAL, AND INTELLECTUAL DEVELOPMENT 36. HIGHER EDUCATIONAL SERVICES 2480. THE RICHARD STOCKTON COLLEGE OF NEW JERSEY

The Richard Stockton College of New Jersey is a nationally ranked public liberal arts and professional studies institution in the New Jersey system of higher education. It was established in 1969 and admitted its first students in September 1971. Currently, over 7,350 students are enrolled at the College, which provides distinctive traditional and alternative approaches to education.

Dudget

The operation and management of the College is vested in a Board of Trustees whose members, except for two students elected by the student body and the College President who serves ex officio, are appointed by the Governor with the consent of the New Jersey Senate. The President of the College, appointed by the Board of Trustees as chief executive officer, is entrusted with providing academic, fiscal and administrative leadership for the College. The College's faculty includes nationally known scholars.

Stockton is located on a 1,600-acre campus in Galloway Township in the pine barrens of southern New Jersey, only 12 miles west of Atlantic City. The College's unique and award-winning academic complex comprises eighteen buildings or wings, including a multipurpose recreation center, an arts and sciences building and a health sciences facility. The College is environmentally concerned and has installed America's largest closed-loop geothermal heating/cooling system as well as an advanced fuel cell energy system.

The Carnegie Library Center serves the needs of hospitality and tourism, provides access to undergraduate and graduate education, and provides professional development for area professionals. The Carnegie Center also hosts the Small Business Development Center for Atlantic, Cape May, and Cumberland counties. In addition to its educational mission, the Carnegie Center has become a cultural center and meeting place for non-profit agencies.

The Mays Landing campus has undergraduate and graduate courses, and hosts the Southern Regional Institute and an Educational Technology Training Center that provides professional development training to one-fourth of all school districts in New Jersey.

Two regional hospitals are located on the campus, and the College also operates a Marine Science Laboratory along Nacote Creek, Port Republic City. Modern campus housing is available to accommodate approximately 2,100 students in both apartmentand dormitory-style living arrangements.

The College is the only four-year academic institution in the rapidly developing region of southeastern New Jersey.

Notes -- Grants-In-Aid - General Fund

- (a) The fiscal year 2008 appropriation has been adjusted for the allocation of salary program.
- (b) The appropriation for General Institutional Operations has been adjusted to include Teacher Preparation and the High Enrollment Growth Adjustment.

Language Recommendations -- Grants-In-Aid - General Fund

For the purpose of implementing the appropriations act for the current fiscal year, the number of State-funded positions at The Richard Stockton College of New Jersey shall be 623.

HIGHER EDUCATIONAL SERVICES

Language Recommendations -- Grants-In-Aid - General Fund

Notwithstanding the provisions of any law or regulation to the contrary, from the sums hereinabove appropriated for Higher Educational Services-Institutional Support in each of the senior public institutions of higher education, there are allocated such sums as are required to provide the reimbursement to cover tuition costs of the National Guard members pursuant to subsection b. of section 1 of P.L. 1999, c.46 (C.18A:62-24).

Public colleges and universities are authorized to provide a voluntary employee furlough program.

- Notwithstanding the provisions of any law or regulation to the contrary, any funds appropriated as Grants-In-Aid and payable to any senior public college or university which requests approval from the Educational Facilities Authority and the Director of the Division of Budget and Accounting may be pledged as a guarantee for payment of principal and interest on any bonds issued by the Educational Facilities Authority or by the college or university. Such funds, if so pledged, shall be made available by the State Treasurer upon receipt of written notification by the Educational Facilities Authority or the Director of the Division of Budget and Accounting that the college or university does not have sufficient funds available for prompt payment of principal and interest on such bonds, and shall be paid by the State Treasurer directly to the holders of such bonds at such time and in such amounts as specified by the bond indenture, notwithstanding that payment of such funds does not coincide with any date for payment otherwise fixed by law.
- Of the amount hereinabove appropriated for Higher Educational Services, such sums as the Director of the Division of Budget and Accounting shall determine from the schedule included in the Governor's Budget Recommendation Document dated February 26, 2008 shall first be charged to the State Lottery Fund.
- Notwithstanding the provisions of any law or regulation to the contrary, the amounts hereinabove appropriated for the senior public institutions of higher education shall be paid to each institution in twelve equal installments, on the last business day of each month, beginning in July 2008.

30. EDUCATIONAL, CULTURAL, AND INTELLECTUAL DEVELOPMENT 37. CULTURAL AND INTELLECTUAL DEVELOPMENT SERVICES

OBJECTIVES

- 1. To increase public participation in the arts, develop audience education in the arts, increase total artistic resources, and increase the availability of professional training in the arts.
- 2. To collect fine art objects (paintings, sculptures, prints, drawings), decorative art objects (furniture, ceramics, metals, glass, etc.), ethnological and archaeological materials, scientific specimens with a New Jersey focus, and specimens from other cultures and regions for comparative purposes.
- 3. To inspire public pride in New Jersey's rich historical heritage among citizens of all ages, occupations and social backgrounds.
- 4. To provide non-commercial educational television, radio services, and public broadcasting services to the State's citizens.
- 5. To coordinate and advise on matters pertaining to public broadcasting among State agencies.
- 6. To support heritage tourism and cultural programs through advertising and promotion of the State's historic and cultural sites.
- 7. To highlight the importance of the tourism industry in New Jersey, improve qualitative and quantitative services to the industry and the public, improve efficiency, and meet the challenges of a competitive economy.

PROGRAM CLASSIFICATIONS

05. **Support of the Arts.** The State Council on the Arts (N.J.S.A. 52:16A-25) provides State and federal grants to art organizations and artists in New Jersey whose projects show professional merit and promise.

Through the services volunteered by the 17-member council appointed by the Governor and the employment of a professional arts manager to serve as Executive Director, the Council cultivates the arts by providing counseling to local artists and art organizations.

Such programs as touring exhibitions, summer festivals, and the artists-in-the-schools are designed to involve more segments of society directly in the arts. Programming also includes those efforts made by the council to research and implement better ways in which to involve the public in the arts in New Jersey.

06. **Museum Services.** Materials are collected, exhibited, and interpreted (N.J.S.A. 18A:73-1 et seq. and N.J.S.A. 18A:4-26). Collections are in the areas of fine and decorative arts, cultural history, and science. Exhibitions are long-term

(those with a permanent orientation, like the Planetarium, the Halls of Natural Science and Cultural History), and short-term (changing exhibits with a focus on fine and decorative arts). Through school and public programs and publications, interpretation of the museum environment is accomplished. The Department also supports services provided by the Newark Museum Association, as well as maintenance of the Old Barracks and the War Memorial Fund.

- 07. Development of Historical Resources. The Historical Commission implements programs to advance public knowledge of the history of New Jersey and the United States. The Commission (N.J.S.A. 18A:73-21 et seq.) sponsors programs for the production of educational materials, and conducts conferences, lectures, and seminars, including the New Jersey History Symposium, and public activities concerned with significant historical events. It also provides financial Grants-In-Aid programs for research in New Jersey history, local history projects, teaching projects, and the Governor Alfred E. Driscoll Fellowship.
- 10. Public Broadcasting Services. The New Jersey Public Broadcasting Authority was created (N.J.S.A. 48:23-1 et seq.) to establish and operate non-commercial educational television and radio broadcasting stations and to operate one or more public broadcasting telecommunications networks. The Authority is empowered to apply for, receive, and hold authorizations and licenses from the Federal Communications Commission. It also has the responsibility to provide advisory assistance to other State agencies and local and regional groups regarding public broadcasting networks and communications techniques, planning, budgeting, and related issues. Programs are produced at the Authority's Trenton and Newark studios and on location. Through membership affiliations, the Authority has access to programs from the Public Broadcasting International, the American Program Service, National Public Radio, and Public Radio Industry, as well as from various audio and video tape libraries. New Jersey Nightly News, a production of the New Jersey Public Broadcasting Authority, provides complete news coverage for the State of New Jersey.
- 52. **Travel and Tourism.** The Division of Travel and Tourism (N.J.S.A. 52:27H-15 et seq.) provides promotional, informational, educational, and developmental programs, services, and facilities that are designed to optimize awareness of New Jersey's standing as a pre-eminent national and international travel destination. The Division also endeavors to partner with other entities within the tourism industry to sustain travel and tourism as a major catalyst for, and contributor to, the state's economic growth and development.

Notes -- Direct State Services - General Fund

(a) The Division of Travel and Tourism was relocated to the Department of State from the Commerce and Economic Growth Commission in the Department of the Treasury on July 8, 2007, pursuant to Executive Reorganization Plan 001-2007. Appropriations data for fiscal 2007 are presented in the Department of the Treasury; appropriations data for fiscal 2008 and 2009 are presented in the Department of State.

(b) The fiscal 2008 appropriation has been adjusted for the allocation of salary program and management efficiencies.

(c) Funding for Historic Morven, previously provided within the appropriation for Services Other Than Personal, is displayed as a separate Special Purpose budget line to increase clarity.

Notes -- Grants-In-Aid - General Fund

(d) The appropriation for Battleship New Jersey Utilities has been relocated to the Department of State from the Interdepartmental Accounts.

Language Recommendations -- Direct State Services - General Fund

- In addition to the amount hereinabove appropriated for the Division of State Museum, there are appropriated such sums as are required to cover additional costs related to re-opening the State Museum, not to exceed \$890,000, subject to the approval of the Director of the Division of Budget and Accounting.
- The sum hereinabove appropriated for the Travel and Tourism, Advertising and Promotion Cooperative Marketing Program is subject to the condition that any such amounts expended from such appropriation by the Division of Travel and Tourism are for programs which are funded by a 75% match by private tourism, industry concerns, and non-State public entities pursuant to subsection j. of section 9 of P.L. 1977, c.225 (N.J.S.A. 34:1A-53), subject to the approval of the Director of the Division of Budget and Accounting.
- The Secretary of State shall report semi-annually on the expenditure during the preceding six months of State funds hereinabove appropriated for Travel and Tourism Advertising and Promotion and the Travel and Tourism, Advertising and Promotion Cooperative Marketing Program, and private contributions to these programs. The first semi-annual report covering the first six months of fiscal 2009 shall be completed not later than January 31, 2009, the second semi-annual report covering the second six months of fiscal 2009 shall be completed not later than July 31, 2009, and both reports shall be submitted to the Treasurer, the Director of the Division of Budget and Accounting, and the Joint Budget Oversight Committee.
- Of the amounts hereinabove appropriated for Public Broadcasting Services, \$526,000 shall be transferred to the Interdepartmental Household and Security account.

Language Recommendations -- Grants-In-Aid - General Fund

- Of the amount hereinabove appropriated for Cultural Projects, an amount not to exceed \$75,000 may be used for administrative purposes, and an amount not to exceed \$125,000 may be used for the assessment and oversight of cultural projects, including administrative costs attendant to this function, in compliance with all pertinent State and federal laws and regulations including the Single Audit Act, subject to the approval of the Director of the Division of Budget and Accounting.
- Of the amount hereinabove appropriated for Cultural Projects, the value of project grants awarded within each county shall total not less than \$50,000.
- Of the amount hereinabove appropriated for Cultural Projects, funds may be used for the purpose of matching federal grants.
- Notwithstanding the provisions of any law or regulation to the contrary, of the amount appropriated for Cultural Projects, 25% shall be awarded to cultural groups or artists based in the eight southernmost counties (Cape May, Salem, Cumberland, Gloucester, Camden, Ocean, Atlantic, and Burlington). In the calculation of the allocation percentage, the first \$1,000,000 of any grants that may be awarded to the New Jersey Performing Arts Center or the Rutgers Camden Performing Arts Center shall be disregarded.
- The amount hereinabove appropriated for the Battleship New Jersey Utilities shall be used for the utility expenses of the Battleship New Jersey as shall be substantiated by the Home Port Alliance in a submission to the Director of the Division of Budget and Accounting, and shall not be expended without the approval of the Director and the State Treasurer.
- Notwithstanding the provisions of section 4 of P.L. 1999, c.131 (C.18A:73-22.4), from the amount appropriated for New Jersey Historical Commission Agency Grants, an amount not to exceed \$200,000 is appropriated for administrative costs, subject to the approval of the Director of the Division of Budget and Accounting.

30. EDUCATIONAL, CULTURAL, AND INTELLECTUAL DEVELOPMENT 37. CULTURAL AND INTELLECTUAL DEVELOPMENT SERVICES 2541. DIVISION OF STATE LIBRARY

OBJECTIVES

- To collect and maintain library resources and to provide information and other library services to State government, employees, and the general public; and through the statewide library network, to provide or locate needed supplementary information or materials not available to patrons at their local libraries.
- 2. To provide a broad program of public library services for residents of New Jersey who are print handicapped.
- 3. To develop and coordinate a statewide system of academic, institutional, public, school, and special libraries; provide consulting and technical assistance to those libraries; administer State and federal programs for the improvement of library services; and promote and develop library services throughout the State.
- 4. To develop an infrastructure which provides for cost effective electronic transfer of information; create informational databases and ensure that all citizens have access to this information at home, school, place of business, and at their local library (public, school, academic, corporate); and train library staff in the use of these new information systems.

PROGRAM CLASSIFICATIONS

51. Library Services. The State Library provides for purchasing, preparing, housing, and circulating books, periodicals, and other library materials, and supplies information and consultative services to the three branches of State government and to public, school, academic, and special libraries (N.J.S.A. 18A:73-26 et seq.).

Technical and financial assistance is provided under several programs. State Library Aid (N.J.S.A. 18A:74-1 et seq.) is paid to public libraries on a per capita basis; emergency and incentive aid may also be provided to restore service lost because of emergencies and to encourage larger units of service. The New Jersey Library Network Law provides funding for statewide and regionally supplied cooperative library services to individual residents of New Jersey and academic, institutional, public, school, and special libraries. Library Development Aid (P.L. 1985, c.297) provides funding for increased access to audio visual services; development and improvement of library services to the institutionalized; assistance to municipal libraries to maintain branches, evaluate, and develop public library collections; and to conserve and preserve collections of historical or special interest.

T I

An affiliation between the State Library and Thomas A. Edison State College was created by P.L. 2001, c.137, effective July 2, 2001. The College assumed management and administrative oversight responsibility for the Library. The

purpose of this affiliation was to provide the State Library and the library community with greater flexibility in managing the resources allocated for library services throughout the State.

Language Recommendations -- Direct State Services - General Fund

Notwithstanding the provisions of any law or regulation to the contrary, the amounts hereinabove appropriated for Direct State Services for the New Jersey State Library, excluding amounts appropriated to Special Purpose accounts, shall be paid in twelve equal installments, on the last business day of each month, beginning in July 2008.

70. GOVERNMENT DIRECTION, MANAGEMENT, AND CONTROL 74. GENERAL GOVERNMENT SERVICES

OBJECTIVES

- 1. To formulate services and regulations for the effective operation of the Department of State.
- 2. To provide modern records administration and records management services, including microfilming, imaging, and storage facilities, to State agencies.
- 3. To promote an interest in, and an appreciation of, New Jersey history; maintain its official archives and a records management service for State and local government; and to provide access to these and other historical materials.
- 4. To provide effective responses to public requests for information which have been filed in the Office of the Secretary of State.
- 5. To assure proper reporting of election campaign contributions and expenditures; to assure proper quarterly reporting by continuing political committees; to provide partial public funding and to enforce expenditure and contribution limits for gubernatorial election campaigns; to assure proper annual reporting of lobbyists' financial activity; to assure proper reporting of personal financial disclosure information by gubernatorial and legislative candidates; and to promote public dissemination of information concerning financing of elections and financial activity of lobbyists.

PROGRAM CLASSIFICATIONS

- 01. Office of the Secretary of State. The Office of the Secretary of State (N.J.S.A. 52:16-1 et seq.) develops and coordinates several programs having statewide community and business impact. The Martin Luther King, Jr. Commemorative Commission (N.J.S.A. 52:9Z-1 et seq.) coordinates programs and events with community groups and organizations throughout the State for the purpose of educating the citizens of New Jersey about the slain civil rights leader and his message of diversity. The Office of Faith-Based Initiatives was transferred from the Department of Community Affairs to the Department of State in fiscal 2003. This program provides grants that enable faith-based organizations to undertake a range of social service activities. The AmeriCorps program was transferred from the Department of Education to the Department of State in fiscal 2004. This federally supported program promotes volunteerism and community service efforts.
- 08. **Records Management.** The Division of Archives and Records Management holds in trust the public records of New Jersey – one of the oldest and most vital functions of government. The Division operates the State Archives (the state's largest repository and public research center for the study of New Jersey history and genealogy) and the State Records Storage Center. The State Archives operates New Jersey's research center for public records of enduring

historical value, providing reference and consultative services to thousands of researchers, historians, and public recordkeepers annually. The Records Storage Center is a secure, centralized, low-cost facility for storing up to 250,000 cubic feet of semi-current State agency records. Temperature- and humidity-controlled vaults are available to accommodate an agency's computer tapes, optical disks, and microfilm master negatives. The Division's Micrographics Bureau operates the State of New Jersey's centralized microfilm unit, producing source-document microfilm for State, county, and local government agencies on a charge-back basis. The bureau also advises agencies who wish to contract with outside microfilm vendors and monitors compliance with statewide microfilm standards for the public sector. 25. Election Management and Coordination. Coordinates voter registration and elections and is responsible for the canvassing of votes cast for federal offices, constitutional amendments, and other public questions. The implementation of the National Voter Registration Act of 1993, P.L. 103-31, which broadened the State's Motor Voter law to allow for registration when applying for unemployment or welfare benefits at State and federal offices, in addition to motor vehicle offices, has increased the number of registered voters in the State to 5 million.
