DEPARTMENT OF HEALTH AND SENIOR SERVICES OVERVIEW

More than 20 state and federal programs once administered by four departments — Health, Human Services, Community Affairs and Insurance — have been consolidated into the redesigned Department of Health and Senior Services. The mission of the Department is to foster accessible, affordable health services that enable all residents of New Jersey to achieve optimal health—through the prevention of disease, the promotion of community action, the protection of those at special risk and the provision of services that promote independence, dignity and choice for 1.4 million older adults in New Jersey.

The fiscal 1998 Budget recommendation totals \$43.5 million in Direct State Services, \$680.5 million in Grants—In—Aid, \$20.1 million in State Aid, \$260.6 million in Casino Revenue Funds, and \$1.5 million in Capital Construction. The recommended State appropriation of \$1.006 billion for the Department of Health and Senior Services represents an increase of \$35.2 million from the current year appropriation. In addition to these State funds, the Department anticipates receiving nearly \$936.4 million in federal funds, which provide for drug treatment, maternal and child health programs, health care facility inspections, and match money for long—term care.

The redesigned Department has three major subdivisions: (1) Health Services represents the traditional public health programs and focuses efforts in the areas of Acquired Immune Deficiency Syndrome (AIDS), substance abuse treatment, and epidemiology (communicable and chronic diseases). Within Health Services, the Department's public health laboratory tests for asbestos in schools and public institutions, rabies, Lyme disease, AIDS, and ocean and drinking water contaminants and performs a myriad of lab services for State and local agencies. (2) Health Planning and Evaluation places emphasis on improving the quality of health care through expanded surveillance efforts, inspection, and licensing in addition to the development of new regulations and provision for the orderly development and replacement of needed facilities and services. This Budget provides \$33 million for grants to hospitals for charity care and the subsidized insurance program. (3) Senior Services provides seniors with centralized access to a variety of social, housing, transportation and health programs, including Pharmaceutical Assistance to the Aged and Disabled (PAAD), Lifeline energy assistance, Meals on Wheels, nursing facility and community long—term care.

Appropriation increases are in long-term care, PAAD, as well as \$1.5 million in new drug abuse treatment initiatives, and \$2.5 million in a cost-of-living adjustment for health care service providers. Decreases include a number of small reductions in non-priority grant accounts, management efficiencies throughout the Department, maximization of federal reimbursement, as well as modest savings initiatives in PAAD and long-term care to bring costs in line with available resources.

New initiatives include drug abuse treatment for mothers of Division of Youth and Family Services clients and Work First New Jersey welfare clients as well as funding for a middle school Peer Leadership Campaign targeting prevention of substance abuse.

In Senior Services the \$881 million recommendation reflects a number of initiatives focusing on long-term care and accessing services. In addition to funding traditional nursing home care, the Budget continues funding the expansion of home and community-based forms of long-term care, including Adult Foster Care, in-home care, and Assisted Living. Additionally, in fiscal 1998 a statewide effort will be launched to move nursing facility patients who do not require the intensive level of care provided at a nursing home to a less restrictive, more appropriate level of care in a home or community-based setting. In fiscal 1998, under a grant from the Robert Wood Johnson Foundation, the Department will also be working to improve the quality of care in nursing facilities through on-going analysis. Finally, during this budget year, all counties in New Jersey will be encouraged to become part of the emerging New Jersey Easy Access, Single Point-of-Entry (NJ EASE) system, which creates local access to a coordinated system of older-adult services through one-stop resource and referral centers for senior citizens.

PROGRAM CLASSIFICATIONS

- 22. Medical Services for the Aged. Supports medically related services to eligible elderly and disabled individuals including community-based services to clients who would normally be eligible for Medicaid coverage only in an institution. Rebates for hearing aids purchased are provided to persons eligible for Pharmaceutical Assistance to the Aged and Disabled. Home care services are also provided to persons previously ineligible because of income limits.
- 24. Pharmaceutical Assistance to the Aged and Disabled (PAAD). The Pharmaceutical Assistance to the Aged (PAA) Program provides payment to pharmacies for the average wholesale price of prescription drugs plus a dispensing fee reduced by a recipient co–payment. To be eligible for benefits persons must be over 65 years of age with an income of up to \$9,000 if single or \$12,000 if married. Eligible individuals above these income limits and the disabled are funded from the Casino Revenue Fund through the Pharmaceutical Assistance to the Aged and Disabled (PAAD) Program. This Program provides payment to pharmacies for the average wholesale price of prescription drugs plus a dispensing fee reduced by a recipient co–payment. To be eligible for benefits persons must be over 65 years of age, or disabled as defined by the Federal Social Security Act, with an income of up to \$17,550 if single or \$21,519 if married.
- 28. **Lifeline Programs.** The Lifeline Credit Program provides combined gas and electric utility credits of up to \$225 a year to N.J. residents who are eligible for pharmaceutical assistance to the aged and disabled, supplemental security income, Medicaid only, or Lifeline only. The Tenants Lifeline Assistance Program provides a

- cash payment of up to \$225 a year to tenants who would be eligible for the Lifeline Credit Program except for the fact that they do not pay their own utility bills. Persons receiving supplemental security income (SSI) who are eligible for this program receive monthly utility supplements totaling \$225 a year included in their SSI checks.
- 55. **Programs for the Aging.** The Division on Aging (C52:27D–28.1) supports programs which improve the quality of life for New Jersey's older citizens through technical assistance and grants to local entities. Funded programs include congregate and home delivered meals, informational assistance, outreach, personal care, legal services, transportation, telephone reassurance, housekeeping and chore services, and case management. These programs are financed with both State and federal funds. The 21 County Offices on Aging are also supported with state aid.
- 56. **Ombudsman's Office.** The Ombudsman for the Institutionalized Elderly (C52:27G–1 et seq.) receives, investigates and resolves complaints concerning health care facilities serving the elderly, and initiates actions to secure, preserve and promote the health, safety, welfare and the civil and human rights of the institutionalized elderly. The Office reviews requests for the withdrawal or withholding of life–sustaining treatment for persons without advance directives for health care.
- 57. Office of the Public Guardian. The Public Guardian (C52:27G–20 et seq.) provides guardianship services for elderly adults who have been deemed by the courts to be in need of a guardian or conservator. Services include legal assistance, individualized social service plans, investigations into family/social history, and financial management, dependent on the client's personal needs.
